Old Business -

Transportation Benefit District update by County Staff and County Council member Scanlon ... draft county and adopted state regulations now align with proposed resolution. Public works director explains how community can influence project items for future consideration. The proposed resolution will be amended to non specific fee amount in case amount changes in future.

Consideration & Comment on proposed Campground at NW corner Mill & Johnson - Chair provides protocol for comment. Lorne Nielson presents project. Community in attendance so inclined provides extensive comments relating to potential impacts, as well as other concerns/suggestions. Topics included, but were not limited to, Noise, Traffic Safety, Wildlife Impact (plants/animals), Wildfire, Air Quality, Length of Stay, Vehicle Size Limits, Adequacy of Utilities, Publicly Dedicated Open Space, Economic Viability, Public Amenities beyond open space/trails, Development Moratorium, Affordable Housing, and Public Safety. These issues/comments collated and forwarded to County 7-27-24 for inclusion in their formal review and consideration.

Update Abandoned Cable Infrastructure - County public works director sent certified letter to responsible party, which to date ignored. Follow up was sent demand letter. If no response, next action would be use of courts.

Update Whatcom Transportation Authority/Circle of Care Passenger Service - in operation Tuesday Thursday....Blaine to Bellingham.

Update Point Roberts Green Waste Study - presentation on progress and planning next Wednesday, 7-31 in community center 7 p.m.

Drainage Study - update at September meeting.
