Whatcom County Official Local Voters' Pamphlet Primary Election – August 16, 2011

Dear Whatcom County Voter:

This year there are four nonpartisan offices on the Primary Election ballot; Whatcom County Executive, Whatcom County Sheriff, City of Bellingham Mayor, and City of Ferndale Mayor. All registered voters will vote for a candidate for County Executive and County Sheriff. Only those voters registered to vote in the City of Bellingham may vote for a Bellingham mayoral candidate and only voters registered to vote in the City of Ferndale may vote for a Ferndale mayoral candidate.

I encourage you to review the information candidates have provided for this Local Voters' Pamphlet. Additional sources of information about the candidates may be available from newspapers, radio, candidate web sites, blogs, print, and online news sources and opinions.

The two candidates with the most votes in each office in the Primary Election will appear on the November General Election ballot. This is your opportunity to take an active part in shaping the future of Whatcom County. Thank you for participating in what will be another exciting election season!

Sincerely,

Shirley Forslof
Whatcom County Auditor

Participating Jurisdictions:

Whatcom County Executive, Whatcom County Sheriff, City of Bellingham Mayor, City of Ferndale Mayor

This is a great place to raise a family and that's why my wife Celia and son Ben and I moved here – and why we're fighting to keep it great.

Unlike my opponents, I have 24 years of experience managing people and projects that make communities better. I'm not a career politician; I've delivered results like protecting farmland and assisting small businesses while completing big projects on-time and on-budget.

I've directed community development and grant programs in Bellingham and Wenatchee and was appointed by Pete Kremen to lead the Whatcom Planning Department. I've served on boards of non-profit and state agencies designed to preserve clean water, protect land and improve transportation.

As County Executive, local jobs will be my top priority. Here's what else I'm for. I'm for high community standards and a vigorous public review of the coal terminal at Cherry Point. I'm for the forested reserve in the watershed. I'm for a jail that's safe, affordable and the right size. I'm for keeping our taxes as low as possible. And, I'm for maintaining high quality health and emergency services for everyone. I've been endorsed by Washington Conservation Voters and many others. I'd appreciate your vote.

I grew up fixing and rebuilding machinery on my family's farm. Problem solving and engineering so engaged me that I pursued and obtained a BS in Mechanical Engineering from the UW. Throughout my career- from 2-years in the Peace Corps as a Hospital Maintenance Engineer to my 16-year tenure as General Manager of the Public Utility District- I learned the value of and have practically applied the concept of collaborative problem

solving. Whether training others or negotiating contentious water issues, I have lead by building effective teams.

I believe that there is no room in local politics for the acrimony that exists at the state and federal levels. As County Executive, I will create a culture that empowers communities and individuals to take responsibility for problem solving and action. I will engage our citizens in

a robust dialogue on issues of concern. I will work with the business community to support innovation and localization for job growth. I will hammer out with farmers an approach to water rights and other farm issues. In short, I will be down in the trenches with everyone finding solutions to the problems that face Whatcom County.

As your County Executive, I will lead a fair and inclusive process that allows all voices to be heard and respected in order to create practical, workable solutions for the tough issues we face. From aging infrastructure to growth management to protecting farmland and Lake Whatcom, I have the experience, professionalism and passion to lead the county's multi-million dollar operation and 800 staff members.

As owner/president for 20+ years of Louws Truss, I managed people, projects, budgets and business strategy through both up and down times. During my eight-year tenure as Lynden Mayor, my team successfully implemented more than \$60 million in infrastructure projects within a balanced budget. I'm endorsed by the Mayors of Ferndale, Lynden, Blaine, Nooksack and Sumas, plus a wide cross-section of individuals and community leaders.

The County Executive sets the tone for public participation. We simply can't afford partisan bickering or personal agendas. We must focus on job creation and service delivery.

My father, John, was the first County Executive in 1979. He taught me the value of a dollar and the honor of a good day's work. I'm ready to work for *you* as your County Executive. I'd be honored to receive your vote.'

Senator Doug Ericksen is the experienced leader we can trust in Whatcom County to enhance our quality of life, and help local families by focusing on job creation and preservation. Doug Ericksen is the only candidate with a proven record of standing up for family wage jobs and providing the leadership to make tough decisions. Ericksen's leadership has been recognized by Washington's leading job creating organizations:

Association of Washington Business-Cornerstone Award. National Federation of Independent Business-Guardian of Small Business Award.

Washington Farm Bureau-highest local rating over the past 12 years for unwavering support of farm jobs.

Ericksen has a proven record of bringing people together to accomplish great things. This includes major transportation projects like the Guide Meridian expansion, protecting jobs at Cherry Point, investing in our local colleges, and building sports fields in Ferndale and Sumas.

Doug was born and raised in Whatcom County; he and his wife Tasha are raising their two children in Ferndale. Doug has served Whatcom County for 15 years, most recently as our State Senator. A Sehome High graduate, Doug earned a BA in Government from Cornell University, and MA in Environmental Policy from WWU. Doug Ericksen-The Experience We Need-The Leader We Trust

Whatcom County Sheriff

Steve Harris

Non-Partisan

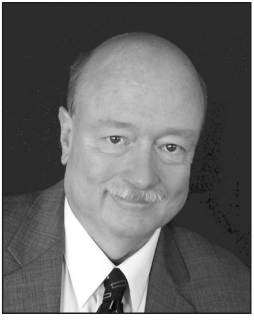

For the past 16 years, I have been honored to serve as a deputy with your Whatcom County Sheriff's office. Through hard work and dedication, I now proudly serve as a detective, where I've spent the last 8 years helping to ensure that the most heinous crimes in Whatcom County were solved and the perpetrators held accountable. I served more than four years as a labor leader and have been elected to lead both private corporations and fraternal organizations.

Law enforcement administrators have seemingly forgotten that our primary purpose is to serve and protect the public. The result has left the victims of crime with little understanding of what to expect. Deputies need to take the time to fully investigate every crime we respond to

and explain the process to the victim. We should not forget that "routine" calls for service may very well be the only time a community member requests the assistance of a deputy.

As your Sheriff, I will concentrate our limited training resources on honing basic investigative skills rather than militaristic tactics. I will reassign redundant supervisory staff from purely administrative roles back to the street to better fulfill our mission to protect the community.

I am honored to seek your vote to continue serving as your Sheriff. With your past support, much has been accomplished. A Jail Alternative Work Center opened, dangerous criminals are no longer turned away because of the lack of space and inmates work to help pay incarceration costs and support their families. Council is pursuing a new, efficiently designed and "right-sized" jail with increased mental health and sentencing alternatives. Deputies are better equipped, trained and more available in our neighborhoods. Programs and plans made our schools and children safer. Meth labs were eliminated. I testified before Congress on border impacts to our community and over \$5,000,000 was awarded to increase safety and defray costs to local taxpayers. *Crime in our community has dropped 40% and our crime rate is 57% below the state average!*

We will continue to drive crime rates down even further, prevent gang violence and increase efficiencies through technology.

Experience, integrity and teamwork matter! I have extensive law enforcement and leadership experience, including service as a Police Chief and Prosecutor. I'm proud that all local Police Chiefs, our Prosecuting Attorney and leading anti-Domestic Violence/Child Protection/Mental Health Advocates endorse me for re-election.

Thank you!

Your Sheriff's Office is wasting your taxes and failing to deliver what you've paid for. This is disturbing since the result is a reduced ability to provide the protection you need. The office is stuck in a rut. I know. I've been a Whatcom County deputy sheriff for the past eleven years. I, and others in the office, know things do not need to be this way. As your Sheriff, I'll drive performance, cut waste, and pursue a clear, measurable improvement plan.

I have years of hands-on experience in military, law enforcement, and business leadership. I'll apply this unique combination of experience to bring our staff together and guide this organization out of its performance coma. We'll start by developing a long overdue operating budget and incorporate employee ideas to streamline processes. We'll promote performance, operate with integrity, and focus on real results - keeping you safe.

To effectively fight crime and be responsive to your needs requires a capable management team willing to embrace modern methods. You hold the power to make it happen. Elect Bob Taylor for Sheriff.

City of Bellingham Mayor

Steve Moore
Non-Partisan

The City of Bellingham needs to refocus its priorities. For too many years we have moved away from a City government that provided for the needs of *all* the people. We need to bring balance back to City Hall by focusing on the single most important issue that impacts our quality of life and our future. That issue is *jobs*. Government doesn't create jobs. It only provides the environment for the private sector to do that.

Working people and their families have been on a stringent budget for many years and they can't spend more than they earn. The City must ensure that it is *Family Needs First* when it comes to paying for our vital services. We must immediately begin providing the means for businesses to thrive and prosper and become the City of Yes. Yes you can make a living here and pay your bills.

I bring to the Mayor's office 40 years of business experience, and am involved in local conservation and business groups. I have a BA in Business Administration, was a VISTA Volunteer and a Vietnam veteran. Diane and I have been married for 39 years and we have a 30 year-old daughter, Dayna.

Four years ago, you elected me Mayor. During challenging times for our community and country, I made tough, necessary choices, and today Bellingham ranks among Washington's best-run communities. While other governments struggle, Bellingham's bond rating was *raised* because of excellent management. Residents feel prouder of their community, parks and libraries than they did four years ago. Businesses have better experiences with City Hall than was true in 2007. We're well-poised to build an even better future.

Moving forward, I'll continue governing with fiscal responsibility, cooperation and creativity. Where possible, we'll work with others, joining forces to better Bellingham. But sometimes, protecting Bellingham requires taking stands. I've defended our right to protect Lake Whatcom. And I'm standing against the proposed coal terminal at Cherry Point—because it's wrong for Bellingham.

Over the next term, I'll continue protecting and promoting Bellingham. By defending against degradation and enhancing our attributes, we can—we will—emerge an even better community which builds its economy by preserving its character. I ask your support for re-election.

Mayor Dan Pike is endorsed by Firefighters Local #106, Washington Conservation Voters, Chuck and Dee Robinson of Village Books, Councilmembers Gene Knutson and Seth Fleetwood, and former Councilmember Barbara Ryan.

I believe Bellingham can be the most liveable city in the nation — safe, cultural, healthy, and educated, where you can live, work and play in the same place. By respecting diverse opinions, establishing strong relationships, setting priorities and engaging the public, we can do it.

Bellingham has everything we need for a healthy economy — innovative ideas, anchor industries, and a well-educated workforce. We need jobs, and every decision we make must ensure that our downtown, waterfront and urban villages thrive. Bellingham's character is determined by the character of our neighborhoods. Uniqueness, housing that is affordable and infill can be achieved if we listen to each other and act together toward our common goals.

We must protect Lake Whatcom. We have the information. Water quality is declining. We need to adopt practical, cost-effective actions now.

I have the experience Bellingham needs. I wrote and balanced a \$34 billion budget, managed a large staff, and prioritized the issues for 125,000 constituents. My experience has prepared me to take on this challenge. I am asking for your support so I can serve this city I love, where I was born, grew up and raised my family.

It is time for a new generation of leadership in Bellingham. I was born and raised in Bellingham and want to maintain and improve Bellingham's quality of life. To maintain our valued lifestyle, Bellingham must be fiscally responsible, embrace job creation, and properly plan for our future. We do not have to destroy jobs or profitability to be environmentally sound in our business approaches.

Politics from politicians who have been in office too long have failed us. I ask that you vote based on city issues rather than partisan politics. My core approach is based on fiscal responsibility. Over-spending on services during good economic times is as irresponsible as under-spending on core services in poor economic times. We must decide on what level of service to maintain for essential services the city must provide, and ensure we can provide that level of service in

good times and bad. Bellingham should not be funding non-essential services while we are under-funding building and road maintenance, and not properly staffing key city departments.

I am committed to ensuring citizens live in a healthy, safe community and maintaining important services such as a clean drinking water source, transportation, adequate parkland, and public safety.

City of Ferndale Mayor

Gary S. Jensen

Non-Partisan

Mayor Jensen was born in 1955 and is the owner of Sullivan Plumbing. He graduated from Ferndale High School in 1973. Married to wife Kelly for 30 years who teaches Kindergarten at Central Elementary. They have one daughter, Taryn, who works in Seattle. His father is the former police chief and retired as fire chief. Brother Allan works as a Bellingham police detective. Community service is family tradition.

I have served our city for the past six years. My goal is to rise each day and try to help our city. During tough economic times your city has balanced its budget each year. The position of mayor is dominated by the need for management experience. The mayor manages employees and the budget. Even during difficult financial setbacks we have prioritized our spending and

accomplished progress for Ferndale. We have new streets, buildings, businesses and a reputation for welcoming the future.

Tough times are not over and the future will demand and require continued, mature leadership.

"Some dream but accomplish little. Some dream, plan and accomplish their goals. The first is merely a dreamer, the latter is a leader!" I politely ask that you allow me to serve you once again.

Education: BA in Economics/Political Science/Philosophy from WWU. Ferndale High School Graduate.

Career Experience: 6 years project manager at Artus Construction Company. I learned responsible project budgeting and employee management. I held elected office at Whatcom Community College as Legislative Committee Chair. Senate Intern in Olympia for 2008 session. I worked for Senator Jean Berkey, Senate Majority

Family: 5 years married to Melissa Rojsza.

Candidate Statement: I have called Ferndale home for 9 years. I became an American Citizen

in December 2010 and was drawn to the highest calling, service in the public interest. I owe Ferndale a debt for the strength of character I possess today and want to repay that debt as your new Mayor. I'm running because Ferndale is on the wrong track, going in the wrong direction. With this economy the focus of the City should be the restoration of a business friendly environment allowing entrepreneurs, small business owners, and blue collar workers to enjoy the fruit of family wage jobs, not the debt-driven spending policy the City has chosen to pursue. I'm running for Mayor because the time has come for a change at City Hall. Ferndale is at a crossroads; the next Mayor must get it right. As a four-year Council member I've voted against wasteful spending, tax & fee increases, and against borrowing millions without voter approval, then awarding it to out of town contractors, managers, and architects. I will insure that Ferndale resources benefit Ferndale citizens.

I'm passionate about engaging Ferndale's youth however and whenever possible---for learning, work experience, academics and positive, healthy "play."

My first action as mayor will be to systematically evaluate city services and resources for efficiency and cost. Fixing downtown traffic will be a top priority if I am mayor. Fresh water for

Ferndale and our Lummi neighbors requires a comprehensive approach, which is not presently the case. Preservation, quality, delivery, and cost of critical water resources are major issues confronting our city.

As a Ferndale resident for the past 20 years, and a small business owner for 15, I've learned a great deal about our community. As mayor I will come to the citizens first---for their opinions, wishes, criticism, and assistance. I ask for your vote: "Zimm for Mayor."

What is an Accessible Voting Unit?

An accessible voting unit (AVU) is federally required. It is equipped with visual and audio technology that allows voters with impaired vision and/or physical disabilities to vote a secret ballot. The AVU is an accurate and secure way to vote.

Where will the AVU be located?

The AVU will be located at the Whatcom County Auditor's Office, Whatcom County Courthouse, 311 Grand Ave., Suite 103, Bellingham, WA.

When can I vote using the AVU?

You may vote beginning Friday, July 29, 2011. The AVU will be available to vote in the Auditor's Office Mon. – Fri., 10:00 a.m. – 3:00 p.m.

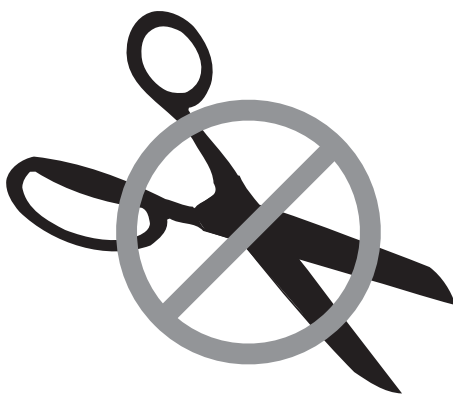

The AVU will be available on Election Day, Tuesday, August 16, 2011, from 7:00 a.m. – 8:00 p.m.

How can I be sure my vote will be counted?

The AVU displays a paper record of your selections before you cast your ballot. Your secret ballot is electronically stored and it cannot be traced back to you.

**If You Have Not Received Your Ballot**

If you have not received your ballot by August 5, 2011, please contact the Whatcom County Election Division at (360) 676-6742 or TTY (360) 738-4555, Monday through Friday, 8:30 a.m. to 4:30 p.m.

Do not cut your ballot.
