Why is your signature important?

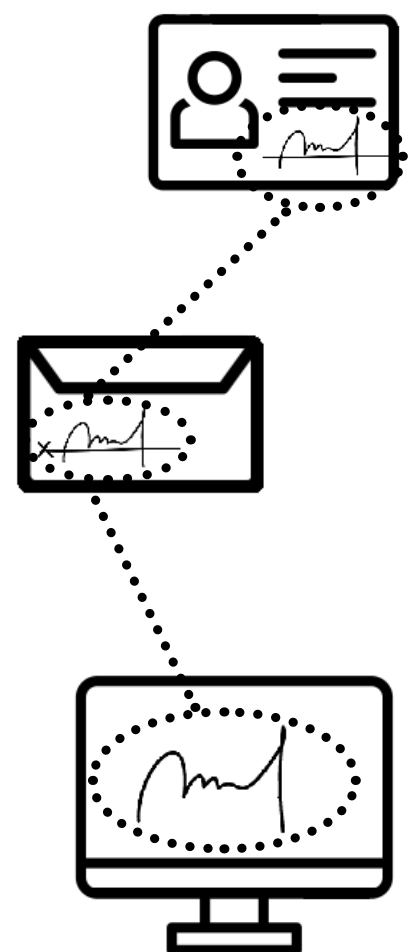

Your signature is needed to make sure your ballot gets counted.

The signature on your ballot return envelope is compared to the signature on your voter registration record. Trained election officials are responsible for verifying each and every signature.

If your signature is missing or does not match your voter registration record, you will be contacted by mail before results are certified. Elections staff may call or email if you provided this information.

If you registered to vote online or through the Department of Licensing, the signature from your drivers license, permit, or state ID will be on your voter registration record.

Voters can track and check their ballot status at www.VoteWA.gov.

Dear Voters,

Whatcom County has over 160,800 registered voters receiving a ballot packet in the mail for this primary election. I encourage citizens to vote and return their ballot so their voice is heard. When returning your ballot, use the:

- Official Ballot Drop Box, closing at 8:00 pm sharp on August 6 OR
- Mail, postmarked by August 6 (no postage required)

After your ballot is returned, it is processed in the Election Center. We check every signature, and if there is a match we accept and count your ballot. If your signature is missing or does not match, we initially reject the ballot and mail a letter to cure the signature issue. If you want to sign up for text messages that track the status of your ballot, text "Vote" to 868392. There is no cure process for ballots received too late. See page 40 for information about returning your ballot.

I take pride in the staff running elections accurately, securely, and transparently. There are opportunities to observe the ballot processing steps in the Election Center in-person or online with our live stream webcams at <https://www.whatcomcounty.us/3747/Observer-Resources>.

Let your voice be heard and Vote!

Sincerely,

Stacy Henthorn
Whatcom County Auditor

Election Security Facts

Tabulation equipment is not connected to any outside networks, including the internet.

The Election Center is physically secure and accessible only after two separate election workers swipe individual electronic key cards to gain entrance into the election processing center – It's a Vault!

The Election Center is always monitored by cameras, both live stream webcams and CCTV security cameras.

Before each election, a Logic and Accuracy test is conducted to ensure that voting equipment is ready for use and properly prepared to tabulate results.

After scanning ballots into the tabulation system, paper ballots are secured in tamper-evident bags. This creates a hard-copy back-up of election results.

Post-election audits are conducted to compare the vote totals from random races and precincts from the tabulation system to a hand count of physical ballots.

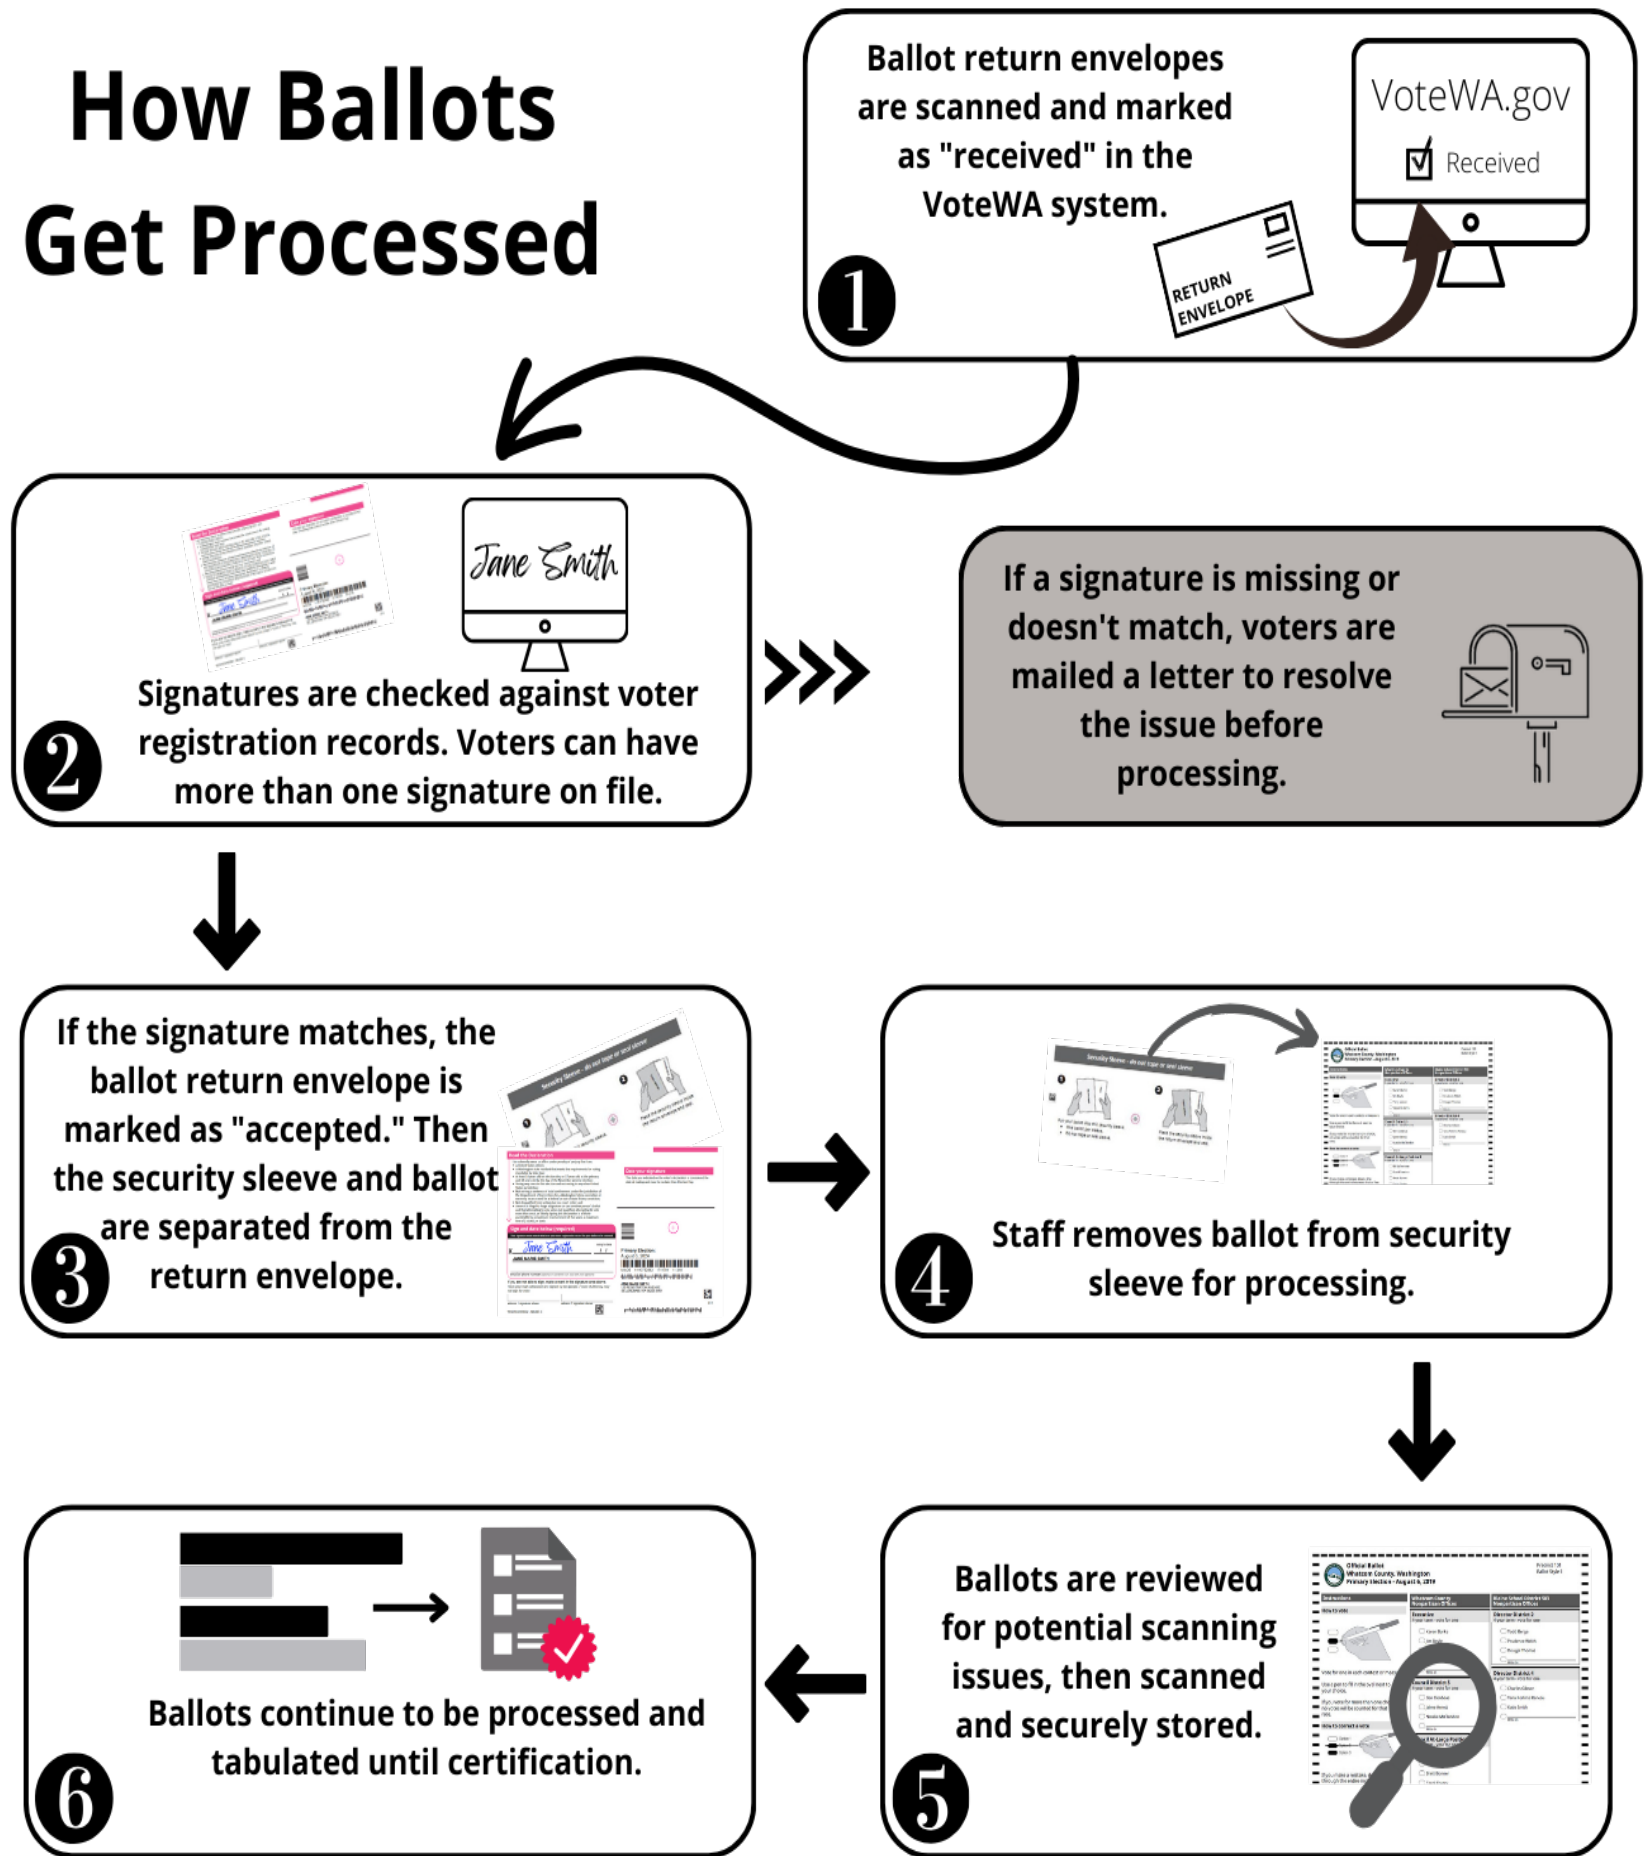

Whatcom County Elections welcomes observers at all points in the process. If you cannot observe in person, live streaming of the Election Center is available at www.whatcomcounty.us/currentelection.

Elected Experience: Ram4usSenate is a public service application at personal risk. When elected office defaulted on "national security" I, we, and works of providence, toiled to keep RF bombs out of US. Please see www.ram4usSenate.com.

Other Professional Experience: Diverse management. Respectfully areligious with a natural inclination for grasping the foundations and direction of the church. I look forward to progress in eliminating LGBTQ intolerance and elevating women. Likely Vatican, governments, and RF influencer.

Education: Biochemistry major with coursework in Political Science, Urban Planning, Sociology and Anthropology.

Community Service: Activism for economic innovation around education, science, technology, and social service. Campaigning to eliminate institutionalized college deception.

Statement: Between 22 and 24 a set of provident social media anecdotes and my efforts were the inspiration behind an intrepid, benevolent force working to prevent a direct US, RF confrontation. To the anonymous, bright spirits devoted to preserving the East, West peace "Mankind to Infinity and to you Eternal Honors." Insight into the activity shielding EU and 300 million American lives from RF retaliation is available on my website: www.ram4usSenate.com.

My political activism began as a UW biochemistry student, with a flier highlighting institutionalized college deception. "The "smart" lie" by 2youtext1 (You Tube) provides argument for economic reform around education, science, technology and social service. Robotics and automation will eliminate the bulk of blue-collar labor. We can choose to control our destiny or allow sparse political actors and decaying systems to dictate poverty, unemployment, substance subterfuge, crime and warfare.

Campaign platform: housing and healthcare; education and economic reform; street and systemic crime; preventing WWII, mental health and homelessness; the US Constitution and our guaranteed freedoms; easing LGBTQ plight and elevating women.

The war on the poor. The stories laboring to preserve our national security began in a multiplex linked to black mold (currently in public use.) My website explains why I believe the property is an ongoing hazard to past, present and future residents, and the public.

Note: In a nuclear age, there is no intelligent WWII scenario. We must adopt sustainable solutions. The wars in the east threaten the future of all mankind. In 22 our generals expressed concern the aid packages may be declared a direct provocation by Russia. The caveats were based on solid reason. Ram4USsenate provides insight into how elected office guess gambled P's state of mind and missed. Please love life, protect our future, and share hope, inspiration and this knowledge.

**Dr Raul Garcia***(Prefers GOP Party)*

Elected Experience: Dr Garcia isn't a career politician. A leader in his field, he has been elected to national medical organizations such as the American College of Emergency Medicine, the American Osteopathic Association, and the Bureau of Interns and Residents.

Other Professional Experience: Doctor, Emergency Medicine, 25 years. Current Chief Medical Officer, Astria Toppenish Hospital. Past medical practice owner; co-founding Dean, two medical schools; Medical Director, two hospitals.

Education: Bachelor of Science, Microbiology/Immunology, University of Miami. Graduate, New York College of Osteopathic Medicine.

Community Service: Co-founder, Partnership for Food Security. Local drives for domestic violence shelter, toys for sick kids, bikes for books, and feeding the homeless.

Statement: This election is an opportunity for the people of Washington to change the way we are governed, to stop the cycle of divisive politics that ignores the best interests of our people.

Serious crises aren't getting the attention they should. Fentanyl is an extremely dangerous drug that is killing Americans indiscriminately. Dr Garcia, an Emergency Room physician, sees far too many overdoses, and knows far too many families who've lost loved ones.

Dr Garcia is the only Senate candidate with a plan to seriously combat the Fentanyl crisis, using a proven approach that targets dealers with prison time, and helps addicts with a robust program of treatment and recovery.

Another crisis is the cost of living. Washington is the fourth most-expensive state for groceries, and the eighth most-expensive overall. Many people are at or near the end of their financial rope due to rampant inflation. We can help tackle inflation by stopping reckless federal spending that adds to the national debt, and boost productivity to ease prices for consumers. Dr Garcia will be a voice for fiscal sanity.

As an Emergency Room doctor, Dr Garcia spends his days helping people. As a refugee from Cuba who found a home in America, he loves our country deeply. As a son raised by a single mother, he respects the men and women who work so hard to make a life for themselves and their families.

Dr Garcia isn't a career politician. But throughout his life he has been a leader – in the medical profession and in the community. He serves patients as a doctor, and he will serve the people of Washington as their US Senator.

Our state is a wonderful place that has gone a bit off-track. We can definitely do better, and with Dr Raul Garcia we will.

Elected Experience: No prior elected experience.

Other Professional Experience: Senior data analysis team lead spearheading a multinational, cross-functional team empowering multimillion small and large businesses globally; Assistant Manager at a seasonal retail store; Assistant Manager at an apartment complex with 300 units; SSgt veteran of the U.S. Airforce; and a Father to 6 children.

Education: The Art Institute of Seattle, B.A. with Honors; Airman Leadership School; Berean School of the Bible; Everett High School

Community Service: Active local PTA member, Lake Stevens; Youth group leader at BCA, Everett; Building homes for homeless families in Mexico with FBC, Everett

Statement: I vow to represent your interests, values, and aspirations. I'm running because I believe in a better future for our state and nation. Where everyone has access to quality education, health care, and employment. Where we protect our environment, our democracy, and our constitutional rights. Where we work together to solve the challenges facing us as Americans and global citizens.

I'm a USAF veteran with multiple overseas deployments. I've lived and raised my family in Washington for 20+ years, seeing some of the best and worst of our state. With a background in retail, real estate, youth education, and business data analytics (local and

international); I've fought abroad for the nation now I'll fight alongside you to bring our perspectives, knowledge, and experience to Congress.

I'm dedicated to protecting our environment and combating climate change, advocating policies that promote clean energy, conservation, and sustainable development. Access to quality healthcare is a fundamental right. I'll work tirelessly to ensure affordable healthcare, regardless of income or preexisting conditions. Children are the future. I pledge to increase funding for our schools, support our educators, and make higher education more affordable and accessible.

I'll champion policies that create jobs, support small businesses, and revitalize our local economies. Introducing legislation to incentivize businesses to hire locally instead of outsourcing to other countries for cheaper labor. Together, we can ensure a prosperous future. I'm committed to improving law enforcement while promoting transparency, community policing, and criminal justice reform. Rehabilitation for the incarcerated and support for impacted communities is vital to successfully reintegrate them into society, reducing the likelihood of reoffending. I'm committed to responsible and effective budgeting, eliminating wasteful spending, and lowering taxes while ensuring essential services are maintained.

Your involvement is crucial! Together, we can shape a brighter future.

**Maria Cantwell***(Prefers Democratic Party)*

Elected Experience: U.S. Senate 2001-present, U.S. House of Representatives 1993-1995, Washington State Legislature 1987-1993.

Other Professional Experience: Real Networks, Vice President of Marketing & Senior Vice President of the Consumer Products Division 1995-2000.

Education: First in her family to graduate college with the help of financial aid. Received B.A. in Public Administration from Miami University.

Community Service: Henry M. Jackson Foundation, Former Honorary Council of Advisors; South Snohomish Chamber of Commerce, Former Board Member; Alderwood Rotary, Former Board Member; Apollo Alliance, Founding Board Member

Statement: Affordability. Jobs. Rights. Security. That's what I focus on as your representative in Washington, D.C., not hyper-partisan politics.

Affordability: Food, energy, housing, education, childcare, and prescription drugs all cost way too much. That's why I helped cap monthly insulin costs at \$35 for Medicare enrollees and am fighting drug middlemen that inflate drug prices. My law made manipulating energy markets a crime, allowing the government to claw back billions in ill-gotten profits. I championed tax credits that built millions of affordable housing units and made childcare more affordable.

Jobs: Bringing manufacturing and supply chains back home are the key to creating jobs, raising wages, and growing the middle class. I developed a new law that is bolstering STEM education and apprenticeships, and will triple U.S. semiconductor manufacturing capacity. Our agricultural economy is stronger because we stood up to foreign shippers and reopened markets for Washington apples and lentils. We kept freight moving with record new infrastructure investments. I improved access to credit for small businesses and created more opportunities for women- and minority-owned businesses.

Rights: Freedoms we once took for granted are under assault. I've been fighting to codify Roe v. Wade, protect access to contraceptives and IVF, and block anti-choice states from prosecuting women. Washingtonians have a right to clean air and water, which is why I led efforts to protect pristine public lands, restore salmon habitat, and transition away from fossil fuels.

Security: Fentanyl is devastating too many Washington communities, so my new law declares fentanyl a national emergency and gives local law enforcement more resources to stop it from crossing our borders. Veterans have served our nation, which is why I have fought to protect their health care, including 124,000 Washingtonians exposed to toxic materials.

I am asking for your support in the U.S. Senate race.

U.S. Senator - Partisan Office - 6 Year Term *Continued***Chuck Jackson***(Prefers Independent Party)***Elected Experience:** No elected experienced; also not beholden to any Special Interest Groups or Political Action Committees. Not bought off.**Other Professional Experience:** Have been questioning the wisdom of running up the National Debt for over 30 years (\$34.6 Trillion and still rising), have a working knowledge of amortization schedules and the costs incurred when interest rates increase, 2023 interest paid was \$882 Billion, 2024 should easily exceed \$1 Trillion.**Education:** Licensed by United States Coast Guard as Ship Engineer. Over 40 years working on various ships; Military, Research, Tankers, Container and Ferry Vessels.**Community Service:** Websites with information on National and International issues, Business, National Debt, Gerrymandering...**Statement:** This isn't a game, nor a joke: the Gamblers on Wall Street, the Federal Reserve Bank, the Republicans and Democrats have been blowing smoke up your ass for a long time now, you've been hosed. There is no 15 to 30 second sound bite that can cut through the stench. Reading and math scores in this nation are abysmal, the hand wringing over Fentanyl overdoses, deaths is unconscionable and leaving a \$34.6 Trillion mess for the kids is disgusting. It is past time to clean things up, no more kicking the can (2024 interest on debt \$2.931 Billion per day; last year, \$2.418 Billion).

There are two options here, either the political parties and their minions weren't capable of figuring this out or they didn't care! If they didn't care the question becomes, Why? Which one or combination of the three options was/is it; Power, Control or Greed?

During Reagan's Presidency(R) the deficit increased over 185% from all the years previously (tax cuts & Starve the Beast). Clinton's Presidency(D) gutted Glass-Steagall (unregulating investment banks), The Commodity Futures Modernization Act (deregulated Derivatives).

The only way to stop the Millionaires and Billionaires with their special interest groups and political action committees (PAC's) is the involvement of people who have been steam-rolled by their agenda. The Constitution of the United States starts out with We The People, that means all of us not just the Special Interest Groups and Political Action Committees.

Are we going to continue living this way or opt for change before it is forced upon us. Interspersed throughout the website InsanityRules.org are some solutions offered because sincere discussion followed by action will be the only way to get off this highway to hell. Want change, vote differently. These problems are serious, the time for humor is over, participation matters.

**Isaac A Holyk***(Prefers Republican Party)***Elected Experience:** None, I am not a politician**Other Professional Experience:** Launch Code Alumni, Microsoft Certified Software Developer, Carpenter, CEO, Videographer, and ASP.NET Full Stack Developer.**Education:** Battle Ground High School, Clark College, Microsoft Academy, Launch Code**Community Service:** CCRP Delegate, Children's Cancer Association team leader/volunteer, and I offer my services free of charge to help develop and maintain websites for non profits.**Statement:** America is at a crossroads. We are a nation in decline. For the first time in our nations history future generations have less opportunities than their parents did. The cost of living is skyrocketing, our country is being invaded and is no longer safe, we are 30 trillion in debt, 70% of Americans think we are on the wrong track, and the current leadership in the U.S. Senate is either America maybe, or America last. I have had enough of America last.

This election we must decide who we are going to be as a people going forward and

what it means to be an American. If you are one of the millions of Americans who feel that the current political leadership has abandoned you, my message is simple: *you are not politically homeless*. America First policy is not 'far right' or 'extreme' - *it is common sense*. It is time to secure our borders, stop the spending, end the corruption, lower taxes across the board, and create an environment where all Americans can thrive. I have a clear, *common sense*, legislative plan to get America on the right track.

It is time for a new generation of leadership. It is time for *common sense* America First policy that Republicans, Independents, and Democrats can all agree on. A government that works for all Americans. We cannot expect our government to represent everyday Americans if there are no everyday Americans in government at the highest levels. With your help, I can change that. I am offering a new path and an America First vision that works for all Americans. Join me. Together we can make America great again and provide a brighter future for our nation.

My name is Isaac Holyk, I am fighting for America, our children, and you.

**Henry Clay Dennison***(Prefers Socialist Workers Party)***Elected Experience:** No information submitted**Other Professional Experience:** Henry Dennison is a railroad conductor and SMART-TD union member.**Education:** Dennison learned to have deep confidence in the solidarity and fighting capacity of the working class from the Black-led movement that defeated Jim Crow segregation, and through five decades of work in fruit packing plants, coal mines, railroads, steel mills and other industries.**Community Service:** He has recently taken part in solidarity with farm workers, miners, auto workers, flight attendants and firefighters, among others, and joined actions against anti-Jewish attacks, in support of Ukraine's independence, against the US embargo of Cuba, and in solidarity with immigrant workers.**Statement:** We live in a deeply class-divided country ruled by a handful of billionaire families and their government. Democratic and Republican parties say they speak for workers, but millions increasingly recognize this isn't true.

The global order the US rulers dominated after World War II is coming apart. The economic workings of capitalism are marching the world towards World War III, accelerated by Vladimir Putin's murderous invasion of Ukraine to deny its national rights, and Hamas' October 7 pogrom – orchestrated by the counterrevolutionary rulers of Iran – that

slaughtered over 1,200 Jews in Israel. Only the working class has the capacity to halt this trajectory.

Driven by competition inherent in capitalism, corporations continue to pursue more production from fewer workers for less pay. But recent union organizing and strike victories point to the possibility of a different future. The low point of labor resistance is behind us. Working people need to build a labor party that breaks from all collaboration with the ruling class and wages a struggle for workers' power.

Defending constitutional freedoms won in the first American Revolution is a working-class issue. Attempts to jail and silence Donald Trump and criminalize political differences deal a blow to rights working people need. Drop all the charges!

Defend Israel's right to exist as a refuge for Jews in the face of rising Jew-hatred today! Join efforts to defend Jews from attack!

Workers need to fight for a public works program to put millions to work at union scale wages building roads, schools, parks, hospitals and more; for regular cost of living increases, wages sufficient to raise a family and quality housing workers can afford; and for workers control of production to guarantee safety on the job and reverse the profit-driven destruction of the environment.

**Scott Nazarino***(Prefers Republican Party)***Elected Experience:** Precinct Committee Officer in Sammamish**Other Professional Experience:** 32 years in the Financial Services industry. Owned my business since 1995. Estate and retirement planning, family business succession. Private investor; past Seattle Times employee. Served in local politics and ran for multiple offices, including the U.S. Senate in 2016.**Education:** BA, Northwest University; Associate in Arts, Bellevue College; LUTCF, Life Underwriter's Training Council**Community Service:** Served on a church board; Community litter removal; Volunteer on school field trips; Visited shut ins; Personal counseling**Statement:** If you're like many voters I've met, you believe Congress is broken – the infighting, divisiveness, tribalism, and accusations. It looks bad, and it's getting worse. Meanwhile, people like you and I are losing out on the life we were promised – and the life we've worked for.

Inflation is killing jobs and eating away at savings. Home ownership is becoming more out of reach – even for people with good jobs and no debt. School safety has eroded. Education hasn't recovered from the learning loss inflicted upon kids by school lockdowns. The Ukraine war is still raging. As all the tensions and wars in the Middle East continue

Americans are beginning to lose hope.

I want to change the course of our state and country. No matter your party affiliation or if you're an independent, I will represent you and would sincerely appreciate your support. I will listen to and represent all Washingtonians, not just those with the loudest bullhorns or the biggest wallets.

As your U.S. Senator, I will focus my efforts on three areas. First, to protect our children at school so they can learn in a safe environment by installing National Guardsmen or other officers at every elementary school.

Second, begin a focused national dialogue to deal with the national debt and the approaching fiscal cliff. We're now nearing \$35 trillion, almost \$270,000 per taxpayer. The lives we live, and the dreams we strive for, are in peril unless we act now, before it's too late.

Third, restore hope and focus on academics at our schools. Students are still suffering from what they lost during Covid. We need a rapid revitalization plan to get kids back on track to help them prepare for college. We need solutions to college affordability.

U.S. Senator - Partisan Office - 6 Year Term *Continued***Paul Lawrence Giesick***(Prefers Democratic Party)*

Elected Experience: I am not a career politician and will not serve more than two terms.

Other Professional Experience: Currently - Production Manager in the Premium Lifestyle Industry. Previously - USMC (Military Supply Admin.), Aerospace Industry (CNC machinist), City of Everett (Utility Billing).

Education: Bachelor's Degree in Operations Management, Bellingham Tech. College. Precision Machining Degree, Everett Community College. Diploma, Everett High School.

Community Service: I serve my community best helping out my family, friends and neighbors where I can. You may see me pulling over to pick up hitch hikers or buying someone in need some food. I pay my taxes in full and on time.

Statement: Our Lord Jesus Christ is the way, the truth and the life. We live in a time plagued with diabolical disorientation. We are in a spiritual battle between good and evil. Our suffering will only increase until we sincerely call upon God for His mercy and grace. The ever-increasing cost of living is pushing American families to the breaking point. All of the wealth is systematically being concentrated to the rich and powerful while the middle class is being wiped out. Americans are being forced to become dependent on big

government and relinquish their liberties for a small taste of a false sense of safety. This is all being facilitated by our fiat currency and the Federal Reserve. The career politicians, crony corporatism and bureaucracy in D.C. do not have the interest of the American people at heart. The federal government will continue to borrow, spend and print money endlessly until our currency becomes worthless. We currently have an unsustainable debt of over \$34 *trillion*, we are in a state of perpetual war and send money to foreign governments abroad and illegal immigrants domestically while our own citizens are left to carry the heavy burden of these inflationary policies.

Propaganda we are fed from the news and social media are trying to divide us just as the devil wants.

It is time we stand together and stand up for what is right. It is time that the good men and women finally fight more fervently than those who spread evil. It is time *we the people* are served by our government again. It's time to secure the border, return to sound gold-backed money, stop our reckless federal government spending spree and end our perpetual state of war! It is time for life, liberty, peace and prosperity! God bless the U.S.A.

**Thor Amundson***(Prefers Independent Party)*

Elected Experience: None

Other Professional Experience: Watching C-Span for 30 years

Education: High school, Yakima, Washington.

Community Service: Built fish ladders and state and federal water betterment projects throughout the state.

Statement: Hi, I'm Thor Amundson, and I am a pro-democracy candidate. Born and raised in Eastern Washington, I've lived and worked throughout the state, and this has given me the opportunity to talk with people in all walks of life, and to consider the variety of issues facing them. I believe that without a little more opportunity for the next generation, we cannot have a healthy civilization.

If corporations move to other countries, they should follow the same rules and labour practices as in the USA. Stop shipping logs, jobs, and clean air and water overseas. Turn off reactor at Hanford and no new reactor; stop making the mess. Replace Hanford with

geothermal power generation. Nationwide public internet access for everyone and net neutrality. Ban the use of certain weed killers on federally funded sites like easements, fencelines, ditch banks, and public schools. Overturn Citizen's United.

Picture a state and a nation where your children can afford to live. Federal and State and private land that has been swapped with Federal and State land should be open for off-grid homesteading. A place where elected officials are chosen by the people, not by their financial contributors. Make C-Span more entertaining. Rather than propose campaign reform, I am implementing it. I will lead the United States into the 21st century.

I will go to Washington DC and bring back financing for the Washington state ferries system and for upgrading the irrigation systems of Eastern Washington, and for clean water and clean air. Vote Thor.

**Goodspaceguy***(Prefers Republican Party)*

Elected Experience: 25 times a candidate, Goodspaceguy notices the homelessness, poverty, and crime produced by the big spenders, minimum wage, Command Economy!

Other Professional Experience: As an amateur economist, small spending Goodspaceguy invested and became prosperous in the stock market. Study economics!

Education: Goodspaceguy, Minnesota born, was educated in Germany, Sweden, and America. Spaceguy lived and learned in Europe for about twelve years. Spaceguy knows some European languages and earned university bachelors and masters degrees.

Community Service: Free market Goodspaceguy advocates for our orbital space program and against homelessness and crime caused by the minimum wage.

Statement: We are still at the beginning of the Space Age! Please think of your Earth as a beautiful spaceship. We are the passengers and crew members on Spaceship Earth. We are traveling in space around our Sun while our Sun travels inside our Milky Way Galaxy. I, Goodspaceguy, predict a prosperous future in space will come through orbital space colonization around our Spaceship Earth and in the Goldilocks Zone around our star, the Sun. Let's start with small space habitats. Also let's save, boost up, and improve the International Space Station.

Using voluntary, competitive, free market economics, let's raise the living standard of the workers. Let's reject the Big Government Command Economy that through force and misallocation produces homelessness, wild spending, and poverty.

Workfare is better than welfare. Welfare is a heavy burden for the workers. Free market economics can rehabilitate Spaceship Earth by transforming problem people into productive people. Worldwide we are struggling between Command Economies and Free Market Economies. Profits grow jobs, but the minimum wage laws reduce profits, which decreases jobs.

The workers create the goods and services that make up the living standard. Then tricky taxation takes from the workers and gives to the welfare recipients. The workers are robbed. The incentive to work is decreased. The minimum wage of the Command Economy creates a stressful work atmosphere and decreases profits. Jobs are lost. Crime and poverty increase. Let's defend the incentive of profits that come from serving you, the consumer. Study Free Market Economics! Abolish the job destroying minimum wage! Economics tell us how to raise the workers' living standard. Work builds up the living standard.

Should we stop the population explosion that is exterminating the wildlife of Spaceship Earth? Should we replace the complicated federal income tax with the simpler head tax?

the people of our area of Washington in the US Congress. My dream is that each voter and resident, many of whom I have had the pleasure of meeting during this campaign, meet their full potential for education, work, health and retirement. My work will be not only to vote in Congress but to explain, speak up, ask questions and listen in Washington DC as laws are changed and decisions are made that affect all of us here in Washington, all of us in this country of great resources, great minds and wonderful hearts. We have come through a draining pandemic crisis with stronger systems, stronger convictions and more awareness of each other and how we all fit into each other's health and well-being. We lost so many loved relatives and wonderful friends. To paraphrase Abraham Lincoln, It is for us who remain to learn and to build on those lessons. With my experiences as a physician leader and my perspective as a former airplane mechanic and pilot, I can represent our towns, cities, farms and islands with a well-earned heart, a love for better health and a keen interest in aviation technology here in this land of scenic views, wonderful hikes and life-giving rain. courses from the U.S. Navy and Skagit Valley College.

Community Service: From a young age, my parents and grandparents taught me the importance of serving my community. I am most proud of my active duty service in the United States Navy at Naval Air Station Whidbey Island and my family's small scale farming sustainable lifestyle.**Statement:** As a government watchdog, proud father, Navy Veteran, small business owner, and Civil Engineer I am confident I have the unique background needed to better address the challenges our region and country are facing as Washington States 2nd Congressional District Representative.

I am committed to stopping the criminal invasion at our southern border, restoring election integrity, and ending the excessive spending in Washington D.C. that has resulted in the worst inflation our nation has ever seen. I offer my real experience with election integrity

and as a government watchdog identifying hundreds of millions of dollars of waste, fraud, and abuse in our infrastructure system to those who want real accountability.

As a veteran, I oppose America entering into unprovoked wars or that our country needs to act as the world's police force. American security begins at home and having strong borders with a thoughtful immigration system reflects we are a strong nation.

Being a father of three daughters in the public school system, I believe in fighting for parent's rights, fighting for a girl's right not to have to compete with biological males in school sports, and fighting to stop activist teachers from pushing their beliefs in the public school system.

Our nation was founded on the belief Americans have the right to bear arms and in this time of increasing violence and crime I will defend this right to ensure it is not infringed upon.

As a state leader in the election integrity fight, I am ready on day one to fix what has been happening to our nations elections system, stop those who do not want free and fair elections, and restore faith in election results. By supporting me you are supporting accountability, fairness, and rejecting partisan politics as usual – I ask for your support.

Rick Larsen

(Prefers Democratic Party)

Elected Experience: I began trying to make a difference through public service on the Snohomish County Council, and today, it is my privilege to serve as the Representative for Washington's 2nd Congressional District.

Other Professional Experience: I was previously employed by the Port of Everett and the Washington State Dental Association.

Education: I graduated from Pacific Lutheran University in Washington state and have a master's degree from the University of Minnesota.

Community Service: My parents were an important influence on me, encouraging me to be involved in my local community. Their encouragement continues to be a motivation for my service to our communities.

Statement: It is an honor to represent Washington's 2nd District in Congress. My family has called Northwest Washington home for over 100 years. My father was a union power line worker and my mom managed the books while raising eight kids in Arlington. They embodied the values that unite us: working hard, caring for each other, and serving the community. My wife and I taught these same values to our two sons and, we are thankful to say, both have launched their own careers.

Our shared values guide my work to serve you - and they are at stake in this election.

In the next Congress, I will protect voting rights and reproductive freedom. Healthcare is a right, and I will fight to expand access and lower costs, especially for veterans and seniors. Last Congress, we capped the price of insulin at \$35/month, and we must keep fighting to lower prescription drug costs.

Our economy should work for everyone, but right now, too many hard-working people are struggling to make ends meet. My top priority is to bring economic investments to the 2nd District that create good-paying jobs that support families.

Fentanyl is a growing threat. I believe that addiction is a disease, and I am working to bring funding to local prevention and recovery services as well as strengthen law enforcement's ability to hold accountable those who bring these drugs into our communities.

Washington's environment is vital to our way of life and economy. As the Transportation and Infrastructure Committee's top Democrat, I am committed to mitigating climate change and advancing Northwest Washington's leadership in renewable energy.

Serving you in Congress is about fighting for our shared values. I ask for your support to continue to invest in the middle class and stand up for vulnerable communities.

Devin Hermanson

(Prefers Democratic Party)

Elected Experience: I am running for office for the first time. As AOC and many others have shown, first time office holders can have major impact. We can't elect the same career politicians and expect a different result.

Other Professional Experience: I've raised hundreds of millions of dollars to fight poverty and created programs that raised over \$1 billion to empower girls and women. I've also launched multiple startups, including one I helped take public.

Education: Whitman College, BA in Art, Boston University, MBA, certificate in Public and Nonprofit Management.

Community Service: Founded Nonprofit TrueUSA, public speaker for gender equity, Stephen Minister, produced programs and film supporting LGBTQ+.

Statement: This election is the opportunity of our lifetimes. With the critical, record turnout needed to reject Trump's threat to our democracy, we can also elect bold Democrats to *finally* build an America that prioritizes you and your neighbors over corporations.

My "Case for Hope" includes an ambitious two-year plan to save our democracy, guarantee reproductive rights, keep kids safe from guns, and reform the Supreme Court. Unlike the incumbent in this race, I support the Green New Deal and Medicare for All and will never take a dime of corporate cash.

When the opportunity comes to reverse decades of GOP tax breaks and make corporations pay their fair share, we need a representative who is *not* beholden to those same corporations. We can't afford baby steps and half measures from corporate-funded, doormat Democrats.

I was raised by my fiercely loving single mom who struggled to keep our little family afloat. There were lots of tears, but Mom was a fighter and taught me to be the same. We need fighters now, in Congress.

With my decades of experience building successful startups and nonprofits and fighting poverty, I'll bring a unique, progressive voice for change to Congress. And I will build upon my many years of activism for gender equality and human rights.

My entire life, I've been told the things I want to do are impossible—and then I do them anyway. This is the kind of vision and fearlessness we need now in DC. We can build an America that is truly great—we can lower costs for you and your family, tackle our homelessness and fentanyl crises, and deliver the high-paying jobs that our community deserves. Local "Hope Heroes" are already fighting for that future, and I'd be immensely proud to do the same as your Congressman.

(Prefers Green Party)

Elected Experience: Marysville Education Association Executive Board member (2012-2014); Washington Democrats State Committee (2017-2020).

Other Professional Experience: Endorsed by Green Party of Washington, Green Party US, Seattle Greens.

Education: BA Political Science, University of Washington (1994); BA Education, College of Santa Fe (1999); M. Ed, UW Bothell (2004).

Community Service: I have been an activist for 35 years, deeply involved in antiwar, healthcare, labor, and climate justice movements. I'm a former public school teacher of 18 years and elected union leader, and 6-year board member of Whole Washington—a leading state-based universal healthcare organization. I have worked on numerous ballot initiatives, including I-502 which legalized cannabis in 2012.

Statement: I am the only progressive candidate running for this seat that cannot be pressured by the political establishment, AIPAC, the fossil fuel industry, the war machine, the for-profit health industry, or any of the other massive corporations that flood Congress with endless lobbying dollars.

The stakes couldn't be higher. Both corporate-captured major parties are funding and arming the genocide of Palestinians that we witness daily on social media, with a death toll over 35K, including at least 15K children.

Tens of millions of Americans still have no health insurance. Even with insurance, healthcare services are often unaffordable and medical debt remains the single biggest cause of bankruptcy. Housing instability is skyrocketing and 1 in 6 children live in poverty. Every ecosystem on the planet is impacted by the ever-worsening climate emergency. We have already shot past limits established by the Paris Accords. But rather than mitigating climate effects to work towards a livable planet, the political establishment funds the war machine.

I support an immediate and permanent ceasefire for Gaza and an end to all funding for genocide. I support universal health care, a real Green New Deal, and a democracy that works for working people. In my two prior runs for this seat, I earned over 30K votes each time.

As a former labor leader, I will fiercely fight for unions and pledge to donate 30% of my post-tax Congressional salary to strike funds and mutual aid organizations. Big money has corrupted our politics and bought our politicians. The status quo is not sustainable. We must demand better.

Imagine representation that puts people over corporate profit, with a verifiable decades-long history of fighting for justice. This is a strong and vibrant campaign speaking to critical and immediate needs for a sustainable and just future. Vote Jason Call for WA-02.

Statement: It's an honor and privilege to serve in this district as a young elected official. This community fills me with courage, compassion, and hope for a better future. I am the product of parents who immigrated to the United States as refugees after escaping war. We fought hard to attain the American dream and move into the middle class. Every second of my life has been lived with the understanding of how precious our democracy

is, and how important our workers are to our collective future.

America is at a pivotal point where we need new leaders who will strongly advocate for the issues that matter most. With women's rights under attack, billions of our tax dollars that could be invested in our own communities being used in foreign wars, our teachers and schools in desperate need of funding, the looming threat of climate change, our farmers and farmworkers in need of support, and the worst affordability crisis in generations, it is time to acknowledge that business as usual is not working.

As a proven leader who came into my position against all odds, I spearheaded initiatives in my city that have led to an increase in affordability, accessibility, and that have provided mental health support in area schools. I'm ready to bring the community's voice to Congress. I am running because it's time to pass the torch to the next generation of leaders who are more willing to put the needs of people ahead of the needs of big business, corporations, and wealthy donors. District 2 deserves an advocate who truly understands their needs. I will fight for you, for your rights, and for your values. Let us join together in shaping a future that is defined by progress, unity, and hope.

State of Washington - Governor - Partisan Office - 4 Year Term

**Jim Daniel***(Prefers Republican Party)*

Elected Experience: Served 12 years, Hospital Commissioner, Klickitat Valley Hospital, Goldendale, Washington. This gave me opportunity to interface with Federal, State and Local County laws and regulations.

Other Professional Experience: I worked at the Boeing Company for 26 years as a Manufacturing Engineer. I was a team leader on World Class projects that decreased rework paper flow, reduced labor time and improved quality workmanship

by interfacing with five Departments: Quality Control, Liaison Engineering, Project Engineering, Project Planning and aircraft mechanics.

Education: South Kitsap High School, Portland Community College, majored in Political Science, University of Oregon.

Community Service: Life member of the Rocky Mountain Elk Foundation, Trout Unlimited.

Statement: Truth, Transparency, Trust, Together! I'm a moderate Republican! 2024-2028 must be years of courage and action to move our State forward. We have a 'financial livability' issue within our state.

First, there is too much taxation for working families! Without thinking of the financial crunch that Covid and Inflation caused, more taxes were levied on us. When times are financially difficult the state must lessen its tax burden upon its citizens. The key is

balance with Governor priorities and needs of the citizens.

Seattle, Bellevue and commuters North helped pay for the I-405 road construction via a toll tax in 2015. The still existing toll tax has generated three times its construction cost of \$50.4 million. Still the toll tax remains. It should be removed or have the citizens choose an alternate budget item for it to go to.

Second, our state is the 8th worst for the production of homes. We need 225,000 homes by 2030 to keep pace with economic growth. Housing is key to reducing intergenerational poverty and providing economic mobility to the low and middle class. The housing shortage will continue to crush family incomes, making it harder to stop rising rent costs and increase homelessness. Our governor needs to be more proactive. There is opportunity here to launch an economic and job, housing transformation.

Third, We need to keep our communities safe! First, be tough on crime and second, be tough on the causes of crime. Public safety takes precedence over the inequities of the justice system; that needs addressed afterwards. We need to fund the police and ensure they are well trained. We need creativity in developing programs that lead and reduce all levels of crime.

Fourth, we need to launch an ambitious rollout of technical, vocational and trade schools in our high schools.

**Cassandra Magdalene Hanson***(Prefers Democratic Party)*

Elected Experience: No Information Submitted

Other Professional Experience: No Information Submitted

Education: Spokane Valley Schools

Community Service: None have always been too busy working but at this point of my life I am prepared to be a part of serving the community.

Statement: My name is Cassandra Magdalene Hanson. I was born on April 13, 1972, in Waukegan, IL. At the age of three I moved with my family to Opportunity, WA. I grew up in this area and attended schools here. I have a strong work ethic, and am people oriented. I have gained many work-related skills and worked with a wide variety of people. I have a passion to be the voice of the people and I will stand up for people's needs. I will go up and above to get whatever needs, within reason, are to be met.

I believe every voice needs to be heard and I want the opportunity to hear the voices of the people and work with you and for you. There are families with little to no food.

Sometimes the only nourishment children receive is provided by the schools. There is a new federal program and with a push from Senator Patty Murry, this summer program funded from the state legislature will provide families with a \$120 preloaded EBT card for grocery stores and farmers markets. We appreciate the Senators ability to get funding and we are grateful. \$120 is a good start but as many of us realize this amount will not cover the needs because food prices are skyrocketing and if I am voted in as governor, I will fight for this cause.

Harsher laws for drug dealers, peddlers and addicts need to be put in place. If we as a state are concerned about these issues, we need to get involved by contacting our local authorities, law enforcement, governor, and senators. We need safety and we need to protect our children.

Other concerns and issues that need to be dealt with are more drug and alcohol rehabs.

**Jeff Curry***(Prefers Independent Party)*

Elected Experience: This will be the first time serving in the State of Washington as an elected official, as a member of the FedUp Party.

Other Professional Experience: Small Business Owner, Commercial Driver, Master Horseman, Master Farrier

Education: Technology Degree from SPSCC

Community Service: Established a food bank serving the Grays Harbor, King, Pierce, Spokane, and Thurston Counties, which supplied food to various rehabilitation programs. I am currently serving the Olympia homeless community.

Statement: <https://www.youtube.com/watch?v=1DIJJNUSB0s>

I am proud to be part of a movement in Washington dedicated to eradicating homelessness and addiction. For over 27 years, I've built relationships with homeless individuals through feeding programs and encouraged them to join recovery programs, leading to thousands of successful recoveries and millions of meals served. This includes programs volunteers fund on their own in homes and organizations like Christian motorcycle associations, which are currently unsupported by Washington.

As a school bus driver, I've seen the dangers of fentanyl on school buses. We must

protect our children from this threat. We can transform lives and create a brighter future by offering compassion and support. I have a plan to bring lasting change to our schools.

In September 1996, on an island in the Pacific Northwest, I witnessed a horrific event involving a young girl being abused by a group. When I tried to report it, I was threatened by the community and authorities. This terrifying experience exposed the deep-rooted corruption and abuse in our system and ignited my mission to protect the vulnerable.

As governor, I will fight corruption by establishing an independent commission investigating law enforcement and government agencies. I will also implement stronger protections for whistleblowers to safeguard those who speak out.

We must also overhaul our foster care and family court systems and install the parenting evaluation produced by U of W and discarded by our politicians. I will ensure regular audits of family courts and create a task force to combat child trafficking. Additionally, I will expand mental health and addiction services; together, we can make Washington State safer.

Elected Experience: State Senator from 2012 to present. Current chair of our state construction budget. Current Washington State Investment Board member that manages our \$200 billion of public pension assets. Issaquah City Council 2009 to 2013.

Other Professional Experience: Own and operate a pizza restaurant and four ice cream shops. Being a small business owner has taught me the importance of not wasting money.

Community Service: Issaquah Food Bank Board Member from 2008 to 2013. Issaquah Rotary Club 2008 to present.

Statement: I'm running for Governor because in the past decade our state has become unaffordable and less safe, which is why we need a change in leadership. My wife and I want our own six children to be able to afford to live in Washington after they finish school. Every Governor for the past three decades has been a lawyer, it is time for a small business owner in the Governor's office so we get value out of current tax dollars rather than asking for new taxes every year.

During my time in the senate I have pushed back on both the extreme right and extreme left. I have a long track record of finding bipartisan solutions to our state's biggest challenges. We need a Governor who will bring people together, not divide them.

I'm endorsed by the mayors of Everett, Ellensburg, Kent, Renton, Lacey, Mercer Island, Woodinville, Snoqualmie, Covington, Maple Valley, and Issaquah, because I'm committed to state investments to improve local public safety. I'm endorsed by *law enforcement organizations* and *Eastside Firefighters* (Local 1762) because I'm a public safety champion. I'm endorsed by *Seattle Council President Sara Nelson* because I led the charge to make sure our state did not decriminalize dangerous drugs like fentanyl. I'm endorsed by our *Secretary of State Steve Hobbs*, *Senator Annette Cleveland*, and *Senator John Lovick* because I always stand up to protect women's reproductive rights (I have four daughters). I'm endorsed by the *Realtors* because I'm a housing champion. I'm endorsed by our *Public School Employees* (Local 1948) because I'm a champion of our public schools (my wife is a teacher).

I'm a dad on a mission to keep the state I love affordable and safe for my children. I would be honored to earn your vote so we can change Washington together!

Other Professional Experience: CEO Eagles Community Outreach. Teacher Ogden Hall women's shelter, providing counseling for women recovering from distress/homelessness. Instructional Leader: Corbin, Sinto, Evergreen Senior/ Retirement Centers.

Education: Bachelor's degree: University of Washington/ Eastern Washington; Public Teacher

Community Service: Civil Activist: Fought against pornographic content in school reading material. Successfully petitioning public authorities to increase snow plows during severe storm weather. Instated a more legible way for the Treasurer's office to inform seniors of options to lower property taxes. Volunteering, organized feeding and clothing for the homeless with Mead soup kitchen outreach. Mentorship recovery programs at Dalton halfway houses. Fairchild Air Force Base VBS volunteer.

Statement: As an American citizen of Japanese descent, born and raised in Washington State, it is my honor to run for office. As Governor, I have a powerful plan to address a Nationwide problem of drug-related, homelessness that begins in our own Evergreen State. My strategy involves mandatory rehabilitation, community involvement, and medical/psychiatric care, with work-related training programs, promoting self-sustaining futures for each individual.

Public schools that impose sexually mature agendas on vulnerable minds will be held accountable to an appropriate curriculum that includes guardian involvement. Children will not be given the option of making body-altering decisions with a doctor, funded by our taxpayer dollars, especially without parental consent.

My strategy will be to reallocate resources, making housing and the cost of living more affordable, while empowering change! With higher fuel taxes, around 49 cents per gallon, and exorbitant sales taxes imposed by Legislators, I will fight hard for you. I will take radical steps to protect your rights to life, liberty and the pursuit of happiness, with improved, 2nd Amendment firearm safety training, while working diligently with our police force and state legislators to reduce unnecessary government spending. Our beloved Veterans and Seniors should never have to wait 5 months, or even 3 hours just to see a doctor!

As your Governor, I will make all Washingtonians a financial priority, with aims on thresholds being heightened, and growing property taxes being capped, so senior citizens are not forced back to work during retirement years, of which social security will be kept safe.

I will prioritize the importance of family, and actively promote Dad's parental involvement, especially with their sons.

As Governor, I plan to bridge the gap between both parties in one united goal; pursuing peaceable solutions that improve a better for us all; who always work better together.

Community Service: Open-source software development

Statement: Washington has been a lifeboat in a churning sea of embarrassing national politics. As our country loses freedoms (like Roe V Wade), and is ravaged by pandemic, inflation, ecological collapse, and democratic erosion, the people have held strong defending our state's values and way of life. I'm running for Governor because we can't wait for Congress to secure our own futures in the state we call home.

I'm a lifelong Washingtonian. I was educated by our public schools like Inglemoor High

(go Viks) and UW (go Dawgs). I've worked up and down our tech industry from the scrappy Code.org to the multinational Microsoft. I've been a full-time movement leader at Whole Washington organizing marches, leading ballot initiative campaigns, and testifying to commissions in Olympia. If elected, I'd be Washington's first Governor of Viet descent.

Washington has every ability to implement life changing policies like universal healthcare, a housing guarantee, and tuition-free higher education. These universal services will provide immediate relief to millions and ensure nobody is left behind while enabling us to make important transitions in the face of changing technology and global competition. These policies aren't just possible, they are sensible investments in public goods.

Our state has a higher GDP per capita than even the wealthiest nations of the world like Norway and Sweden. It's home to 13 billionaires, leading industries, and top research institutions. But our greatest wealth is the ingenuity, independence, and compassion of our people.

The world we want is possible today in Washington and is only a matter of political will. I aim to be that political will whether through active citizenship or from inside the Governor's mansion. I am your organizer, but you my fellow Washingtonians are the movement.

Elected Experience: Attorney General. Reelected with 67%, winning 37 of Washington's 39 counties. An independent leader, Bob manages Washington's largest law office. He protects the rights of all Washingtonians, prosecutes criminals, and stops price-gouging that harms families.

Other Professional Experience: Bob began his professional career in Eastern Washington. He worked with federal judges appointed by presidents of both parties. Bob represented taxpayers, local governments,

and small businesses. Growing up, he worked delivering newspapers and washing dishes at a senior home.

Education: University of Washington; Law Degree, NYU.

Community Service: Bob served in the Jesuit Volunteer Corps, managing an emergency services office assisting vulnerable individuals and tutoring kids.

Statement: Son of a special education public school teacher and a Boeing employee, Bob takes on the toughest fights, solves problems, and gets things done for you—not powerful interests. He is the only candidate who refuses campaign contributions from corporate PACs and large corporations. Never satisfied with the status quo, he'll protect your rights and deliver change for Washington.

As Governor, Bob's top priority is improving public safety. He'll hire more police officers to combat crime and fentanyl. He took on powerful drug companies, winning \$1.2 billion for

increased treatment and first responders. Nurses, firefighters, and prosecutors endorse Bob because they trust him to combat public drug use and improve the mental health system. Bob worked alongside law enforcement to end the rape kit backlog and bring justice to survivors. He knows how to bring people together to solve big challenges.

Bob and his wife Colleen, who works at a community college, are raising teenage twins. Bob knows high housing prices make it hard for too many families. He'll work with both parties for commonsense solutions to address homelessness and rising housing costs—building 200,000 affordable homes in four years. Bob will increase opportunities for every Washingtonian to get ahead by investing in career education, skills training, and apprenticeships.

Bob understands our democracy is threatened and successfully blocked dozens of illegal Trump administration actions. As Governor, he'll defend our democracy and protect Washingtonians. A champion for reproductive freedom, Bob is the only candidate endorsed by Pro-Choice Washington and Planned Parenthood.

In contrast, Congressman Dave Reichert said, "I love Donald Trump's policies," and voted with Trump 92.5% of the time. Reichert repeatedly voted to impose a nationwide abortion ban that criminalizes doctors and to abolish the Affordable Care Act. Reichert opposes marriage equality.

Bob fights for us.

**Chaytan Inman***(Prefers Democratic Party)*

Elected Experience: I am not a politician. Luckily.

Other Professional Experience: I am working as a wildland firefighter. Previously I have been an AI engineer at Apple, a software developer at Meta, and grew neurons that played computer games at Cortical Labs.

Education: BS in Computer Science from the University of Washington, with minors in French, International Studies, and

Entrepreneurship.

Community Service: President and Founder of Interactive Intelligence, expanding access to neuroscience and AI education. Volunteered for Trans Pride Seattle

Statement: *The Democratic party has failed us.* I'm Chaytan. I am 22 years old, and I am not a politician. I'm running for governor for one simple reason: We – me, my generation, your kids, and your future – are out of time.

Fossil fuel use in Washington state has increased under Jay Inslee (EIA State Energy Consumption Estimates, 2023). That's right. Despite clean energy subsidies, wind farms, and the cap-and-invest program, fossil fuel use has *increased*. While crops dry out and heatwaves strike, our politicians broker corporate lies, enrich the rich, and make us pay.

Other candidates have no reply. I do. On day one as governor I will declare a climate emergency and shutdown building the GTN Xpress pipeline. But that's just day one.

It's time to stop lying to ourselves about the environmental crisis. Energy is not infinite so GDP cannot grow indefinitely. Infinite growth is illogical. Worse, growing GDP enriches a few and crams people into cities, destroys the environment, and raises prices. We're investing in EVs instead of public transport, carbon offsets instead of real change, recycling instead of reusing. So why don't we cut the shit. We cannot outconsume overconsumption. But this is, in fact, good news.

We can stop corporate destruction by changing the rules of the game. As governor, I will give the Earth rights. It flips the board. Giving the Earth rights gives people the power to steward our land and resources. It takes away the bureaucracy of the environmental crises and places trust in people – not corporations – to protect our most precious gift.

Finally, let's address the elephant in the room: you think I am not as qualified as Bob Ferguson. Well you're right. The last thing we need is another old politician as governor, repeating the same complacency.

State of Washington - Governor - Partisan Office - 4 Year Term *Continued***Michael DePaula***(Prefers Libertarian Party)***Elected Experience:** No Information Submitted**Other Professional Experience:** PNW Enterprise Operations Lead at Facebook/Meta**Education:** Shenandoah Valley Academy, New Market, VA; graduated University of Southern California with a B.M. in Music Performance on the French Horn, 2000.**Community Service:** Ballard Little League board member; Global Underwater Explorers Project Baseline contributor, NRA Basic Pistol instructor.**Statement:** Since the start of my campaign last November, I have been the only candidate consistently focused on two key initiatives that ensure our state's survival over the next four years: 1) Bolstering Washington's economy in the face of a global recession, and 2) Preserving the rights of all Washingtonians in what many perceive to be an environment of increasingly Orwellian and corrupt government.

Whether you consider yourself a liberal, conservative, or somewhere in between, nothing any candidate says matters if they will not focus relentlessly on these two items.

As I write these words, we are a nation at war, both by proxy with foreign nations as well as here at home with each other. This *civil disunion* is quickly snowballing, with each side of the red / blue divide believing that their side must win in order for our nation to survive. Will this game of "Tug of War" bring us *more* stability and security, with 49% feeling disenfranchised and abandoned when the results are tallied?

Libertarian governance, by contrast, offers us a way back. It gives us a *true* check and balance on the left / right duopoly in Olympia and prominently features a way of thinking that drove the health and wealth of our early nation and state, the idea that *we the people* should be free to live our lives and pursue our own interests without government interference so long as we harm no others nor their property.

Libertarianism is a light framework that restores our day-to-day choices to us, reduces our cost of living, and strips away the avenues of corruption used by those in politics: money and influence. *And the best part?* It creates the societal conditions where we can be neighbors with each other again.

Please join me in voting Libertarian this election!

Joined the King County Sheriff's Office in 1972. In 1997 became King County's first elected sheriff in 30 years. Vice President, Gordon Thomas Honeywell from 2019 to 2023.**Education:** Concordia Lutheran College, AA**Community Service:** Served on King County's Domestic Violence Council. Board of Directors for The Borgen Project. Founder of King County Violent Firearms Coalition. Former Member of King County Committee to End Homelessness. Founder of King County Sheriff's Police Activities League. Youth coach and counselor. Two-time Washington Medal of Valor Recipient. National Sheriff of the Year.**Statement:** For nearly 40 years our state has been lost in a wilderness of one-party rule. What has that gotten us? The highest violent crime rate in our history, friends and family dying from fentanyl, record homelessness, and the worst maintained roads, highways, and ferries in America. As your governor, I will work tirelessly to foster an economy that works for everyone, safe streets and neighborhoods, and ensure the children in our state get a world class education.

From the United States Air Force to the King County Sheriff's Office, I witnessed examples of selfless sacrifice, individuals who put others before themselves. That experience taught me what it means to have a servant's heart, honored by an opportunity to help, and driven to show the courage and humility it takes to get things done. As King County Sheriff, I arrested violent criminals and locked up human traffickers who preyed on women and children. On my watch crime was down as we enforced the law and everyone was accountable. This experience served me well when the people of Washington sent me to Congress where I worked with Republicans and Democrats to pass big and bold policies on everything from taxes to trade to protecting our beautiful environment.

We've been living in a state where our leaders have pit region against region, generation against generation, and yes even family against family. Dividing people is not the answer. We must work together, side by side, to tackle the issues we all face. I have been endorsed by nearly every sheriff in the state and people of all party affiliations – Republican, Independent, Democrat – are joining our campaign because they understand that business as usual is no longer an option.

I would be honored to have your support to be your next governor.

reichertforgovernor.com**Don L Rivers***(Prefers Democratic Party)***Elected Experience:** No Information Submitted**Other Professional Experience:** Hello, I am Don L Rivers and I am running for governor of Washington State because I am seasoned. I've advised elected officials, law enforcement agencies, and others in this state, across the nation, and abroad for over 4 decades. I was asked to be a consultant in DC but declined the offer to stay and make our state better. In the private sector, I worked as a union worker for 50 years before I retired.**Education:** No Information Submitted**Community Service:** I have volunteered with several organizations including Family Center and Project Children for over 20 years.**Statement:** I have walked in marches and stood with those who have had loved ones shot and killed wrongfully by law enforcement. I have sat with parents whose children have been kidnapped, traded into the world of sex trafficking, and even murdered. I've observed, like many of you, that our young people are in crisis and struggling to survive in today's society. We have a nonexistent mental healthcare system. We must find new ways to increase the government's revenue and opportunities to balance our tax system.

Our eroding bridges and outdated ferry system must be repaired and replaced, and we must address the issue of flooding. I know I can remedy these problems that our state is facing.

This election, you can elect a real public representative; one that is not about black or white but accepts all cultures, creeds, races, and people; one that is not pro-life but pro-choice; and one who believes that every person should have the right to feel safe in their own community. I believe that dealing with homelessness is the greatest opportunity to bring positive change in society. I would expand access to housing, mental health, and drug rehabilitation services throughout the state. Getting people into housing is the best way to convince them to become productive members of society.

I believe, by using the 3L program of Listen (to the people's concerns), Learn (from their experiences and issues), and Lead (them to a brighter future), that I am the right choice to guide Washington State. I look forward to working together to better our state. All are included. Thank you.

Computer Science), and University of Massachusetts at Amherst (B.S. Computer Systems Engineering).**Community Service:** Four years advocating for legislative court reform as the Washington State Chair of National Parents Organization. Ten years parent volunteering in Lake Stevens School District K-12 classrooms including two years helping teach high school computer science using the Microsoft TEALS curriculum. Fifteen years volunteering for the Citizens Wildlife Monitoring Program maintaining remote camera sites that photograph wolverines, wolves, fishers, bears, and more.**Statement:** Significantly unequal child custody and support orders create additional family conflict, cause tremendous harm to families, and ultimately do not benefit children. Washington State received a grade of 'F' for custody rights and child support protections by National Parents Organization.

A top priority of the next governor should be to enact a Shared Parenting Bill of Rights to reform our failing court system to benefit children.

A Shared Parenting Bill of Rights first and foremost reforms our family law courts to protect the rights of all fit, willing, and able parents to have the default presumption of equal shared custody. The benefits of 50/50 shared parenting for children are well documented by decades of scientific research and apply to even high conflict separations and divorces. Five states have already done so with very positive results.

Child support reforms are needed to automatically share money between parental homes that share custody (Residential Credit). This ensures that child support equally protects children in both parental homes and that payments are more equitable and predictable, which in turn will reduce conflict. Currently, even in the families that already share custody 50/50, child support is shared in only one out of four cases.

Washington State needs to reform court funding and staffing levels so that justice is speedy and cases are not unnecessarily delayed. Regardless of whether an innocent parent needs custody restored or a guilty parent needs custody removed, delays in the court system hurt children and should not drag on while children grow up.

Your vote in this election can help elevate the issues of court reform and shared parenting so that the next governor must address these issues to get your vote in November. Donations will support the Campaign for 50/50 in 2025. See <https://SharedParentingGov.com> for more information.

We have no way to assess the damages done to our state under this failed administration until we gain control of the real numbers and information. In my opinion, we've been given less than 1% of the information. It's in the best interest of those who control the levers of power to keep this information from public consumption. The rot and abuse within state agencies are beyond imagination. They've been awarded the ability to defer corrective litigation to themselves. This division by issues separates us, but we need unity. I understand that many of you feel the voting system is rigged. If 1/3 of the population feels this way, it lacks confidence. I plan to institute projects in housing, business, and transportation that benefit all people in every socioeconomic bracket of the state. I will recommend some of our money be spent for children and families being safe in parks, which will reduce drug use and crimes. Our money will be used wisely to reduce the major problems in education, health and finding work within peoples abilities. I know about the problems teachers and children have, including "life sentences caused by irresponsible parents."

My experience in plans, education and social service will help me lead our state in recovering from the damage done by Inslee and Fergusons's "Sanctuary State" and "Keep Washington Working" illegal laws to protect their illegal aliens.

State of Washington - Governor - Partisan Office - 4 Year Term *Continued***William Combs***(Prefers Independent Party)***Elected Experience:** None.

Other Professional Experience: I have spent 4 years in the Navy as an aviation electronics warfare technician maintaining communications and electronic warfare systems on the now retired EA-6B Intruder aircraft. Other duties include assignments to base security as a trained auxiliary security force personnel, operating and maintaining aircraft support equipment such as

mobile power plants and aircraft air start units. Other work and life experience includes working in a variety of construction related fields.

Education: Some college.

Community Service: I volunteer every week at the Dayton food bank helping provide food to needy families.

Statement: I am a formerly homeless Navy Veteran who spent several years living on the street and living in different vehicles. Having seen the other homeless population struggling with many problems including drug addiction, alcoholism and mental illness I know where the system fails Americans at this level, especially with Veterans. I have gone through Washington's foster care system and witnessed my foster parents commit

acts of domestic violence against each other. With opioids playing a major role in that violence, that has shown me that higher standards for becoming a foster parent must be implemented before any improvements can happen. Life experience always counts for much and my time serving in the Navy and being assigned to Military Security along with my many other responsibilities has given me unique insights on how to give law enforcement real reform instead of cosmetic changes. The greatest responsibility of an American is ensuring that our government remains honest and free from corruption. Removing corruption from our government is why I am running for Governor. I am spearheading the movement to Amend our Constitution so that our country can function as intended by our Founding Fathers. I will be pushing for the State Legislature to declare for a Convention of The Many States under Article V of the United States Constitution. I believe this is the only way to rid our government of the corruption that is plaguing it. I handed such Draft Amendments to my Congressional Representative who has still not taken any meaningful action. If I am not elected as governor, I do not want to hear anyone complain about corrupt politicians or corruption in government ever again.

My bosses insisted I should do real estate. I did and've been doing it for 30 years. With zero experience at start, I worked 9 day weeks, saved money, bought first house, second, etc. I

bought, sold, cleaned-up several dozens of homes and created a portfolio.

Education: NOS Medical Academy. USSR. Honors Diploma. Physician; SPU, Foreign Languages, USSR; SLU, Maurice Thorez, Foreign Languages, USSR. Certificate of Excellence; Lomonosov SU, Asian-African Countries, USSR

Community Service: No Information Submitted

Statement: I want to Offer what's been missing: the vision and proper ideology necessary to transform our society.

Imagine a place where prophylactic, preventive medicine and alternative healthcare options are thriving, where you can see doctor quickly, where people are conscientious about what they think and do, where main motivation at work is to get the job done the best they can. A society where no attorney, politician or judge dictates health choices. You decide what treatment and which doctor to consult. I'll work tirelessly to ensure that.

Imagine a future where issues like crime, squatters, drug abuse, homelessness, and skyrocketing prices are gone. These problems are solvable, some quickly and easily, but not by current politicians. And hiring thousands of cops will not stop the crime (it never did before, just kept it at bay). We have to change the way we think, interact and live our lives. That requires different education, leading by example and answering a question about purpose of life. We need to rebuild families. I'll introduce comprehensive education reform to empower students and educators alike.

We can have a government that is a friend, that will build roads and freeways that it promised for years, but never did, that pays off the tolls, lowers the cost of car tabs for everybody, including residents in Pierce, King and Snohomish Counties; where the best, the brightest and most capable are taking the leading positions to create better opportunities for all.

I understand the multifaceted challenges facing our state. My vision, education, experience in both business and personal struggle uniquely positions me to tackle this pressing issue.

Together, we can create a Washington that thrives in every aspect. We'll have a business friendly climate and try to bring back Boeing headquarters, Amazon, other businesses that left the state.

Education: Bachelor of Finance, University of Washington; Graduate Studies, Seattle University; Senior Executive Program, Stanford University

Community Service: Past Board President, Chief Seattle Council Boy Scouts of America; former board member, Northwest Chinook Recovery and Long Live the Kings, non-profits that support wild salmon restoration and sustainable fishing; former board member, ACT Theater

Statement: Our political system is broken. Tribalism and extremism have taken over, and it's become more about purity and the other "team" losing than finding solutions that make real differences in people's lives. Compromise is not a bad word. It usually means the right balance is reached because neither side feels like they won. *It's time for another way.*

I'm running for governor as a nonpartisan candidate because voters deserve a real choice—someone who has the experience to run a complex enterprise like state

government and has collaborated with non-profits, environmental groups, and others to reach compromises on challenging issues, like salmon recovery. Our shared values of *safe communities, a strong economy, a good education, and a clean environment* aren't partisan. They unite us, and we should expect balanced approaches from our government.

My parents, both educators, shaped my view of the world and the work I've done. Their work with students with diverse life experiences taught me to listen to and learn from all viewpoints.

Since starting my career in banking to help pay for college, I have built and run big and small businesses. That required assembling teams of smart individuals capable of advising and leading complex and costly projects. I have interacted with various public and private entities, and, most importantly, I have had to make tough decisions, including balancing a budget.

As an Eagle Scout, Boy Scouts has always been part of my life. Working with local leaders, we created Scoutreach to engage with underserved communities to foster greater equity and access to outdoor experiences. As an outdoor enthusiast, the environment has always been a high priority.

If you're ready for *pragmatic, nonpartisan* leadership and someone who will work across party lines to craft balanced policies that move our state forward, I ask for your vote.

It's my attempt to make a difference by providing information voters won't read or hear about elsewhere.

For example, the purported need to reduce CO2 emissions. The state only admits 1.5% of the country's and 0.175% of the planet's, hardly a climate crisis. Forcing emitters to pay to continue only adds to the costs they'll pass on to consumers. Costs that will surely increase if the Climate Commitment Act isn't repealed.

Voters don't read or hear that WSDOT plans to impose HOT fees on two I-405 lanes

will increase congestion on GP lanes and little to reduce HOV travel times. They need to allow GP use on one of the lanes and set fees on remaining HOV lane to achieve the 2000 vehicles per hour and 45 mph that maximizes capacity.

That Sound Transit intends to use 2016 ST3 approval for \$54B from 2017 to 2041 to spend \$145B from 2017 to 2046 and end with \$28B owed. The resulting light rail "spine" won't have the capacity to reduce I-5 peak hour congestion and will cost too much to operate off peak. Their plans to use light rail trains to replace bus routes will reduce transit capacity into Seattle, do nothing to reduce GP lane congestion, and riders transferred will reduce access for current riders.

They plan to open \$12.5B and ten or more years disrupting Seattle doe light rail trains from Ballard to Sodo. The area already has excellent bus service and terminating East Link and West Seattle at the existing CID station benefits both areas and avoids the need for a second tunnel.

My blog provides the details.

I was raised in King County and have worked and retired in Benton County, giving me a perspective of life on both sides of the state. People on both sides are tired of career politicians representing their own political ambitions, big money donors, and political elites, while our state is on the precipice.

Our children's future is being sacrificed by a broken education system that has strayed from the focus on academic excellence, yet we pay billions of taxpayer dollars to fund it. Washington has become unaffordable for citizens and small businesses due to bad policy and over-taxation.

Our public safety is among the worst in the nation, driving up insurance costs and forcing citizens and businesses to flee our state. Homelessness, mental health, and addiction are at an all-time high, while the flow of fentanyl into our state and onto our streets, goes unabated. The time for change is now, and we must unite to make it happen.

I am applying for the job of Chief Executive Officer of Washington State, not to hold office for more politics as usual, but to bring servant leadership and accountability to Olympia. I have the knowledge, skills, abilities, experience and expertise to do the job well. On day one, we will initiate a third-party audit of all state offices and programs and immediately move toward improving efficiency and performance of your state government.

The billions saved will be returned to citizens through tax relief and fund staffing and technology to address youth crime, drug trafficking, human trafficking, and organized crime. We will support parents and bring accountability to our education system through our education reform initiative. Homelessness will be addressed compassionately with a focus on mental health and addiction intervention as a priority to housing and rehabilitation.

State of Washington - Lieutenant Governor - Partisan Office - 4 Year Term

**Patrick "Pat" Harman***(Prefers Liberal Republican Party)***Elected Experience:** No Information Submitted**Other Professional Experience:** My first concern is that we preserve our democracy. I was commissioned in The NOAA Corps, retiring as a Lieutenant Commander. I did three tours as executive officer, acting commanding officer. I had one executive assignment as Director of the NOAA Information Center. After retiring from NOAA I worked for the Alaska Legislature an aide**Education:** I received an AA degree from the College of San Mateo and a BA in Physical Science from San Francisco State University.**Community Service:** No Information Submitted**Statement:** First and foremost is my commitment to our democracy.

The lieutenant governor is unlike other elected positions. Distinct from positions based on policy or partisanship, it is uniquely concerned with the integrity of the political process. While the lieutenant governor does not vote in the legislature or introduce legislation, he or she is president of the Senate and presides over Senate sessions, assuring their smooth operation according to standing guidelines. The lieutenant governor is also the chairman of the rules committee, a bipartisan group responsible for setting the agenda for the Senate sessions. My greatest strength is in being a strong supporter within my field of responsibility. As Lieutenant Governor I would be a member of the executive team. In the unlikely event that I would need to assume the role of governor, charged with the full-time duties of the office, I am confident that I could manage all responsibilities required, and would serve the citizens of Washington professionally and competently.

I am running for Lieutenant Governor to bring pragmatic solutions and bipartisanship. It is the commitment of every elected official to represent all citizens, not just the 20% on the left or right. To foster progress and civility in our state government, to lead, not follow as

the easiest path forward.

It is time for a change in leadership from what we have had over the last 4 to 12 years. Investing in our communities to create jobs, supporting our schools to prepare our youth for the future, and ensuring every individual has access to quality healthcare.

Hopelessness among our youth and homelessness on our streets both are rampant.

Fentanyl is killing our children. The cost of living is becoming unbearable for our people. State government is increasingly interfering in the relationships between parents and their children, robbing our kids of a proper education.

The terrible laws that created this disaster passed through our State Senate. The Lieutenant Governor serves as President of the Senate and is able to influence legislation for the better and for the people. When elected, I will stand in the gap blocking the radical agenda of insiders in Olympia, the activists who are destroying, rather than advancing, our civilization. I will stop the misguided extremism now steering state government, returning the focus toward serving you and *all* of the people of Washington.

We need an experienced professional with the team-building skills and training needed to put our state government to work for our people and for you. I have succeeded for many years bringing people together to solve problems, saving precious taxpayer resources, and making people's lives better.

State of Washington - Lieutenant Governor - Partisan Office - 4 Year Term *Continued***Denny Heck***(Prefers Democratic Party)*

Elected Experience: Lieutenant Governor. U.S. Representative, member of the House Permanent Select Committee on Intelligence and the House Financial Services Committee. Washington State Representative, elected to five terms. Chaired historic Basic Education Subcommittee. Democratic Precinct Committee Officer.

Other Professional Experience: Co-Founder, Intrepid Learning Solutions; Co-Founder and President, TVW – Washington’s version of C-SPAN; Chief of Staff, Governor Booth Gardner.

Education: B.A., The Evergreen State College.

Community Service: Denny and his wife of 48 years, Paula (a retired middle school principal), founding members of the Olympia School District Education Foundation’s Principals’ Emergency Fund, providing low income children with help to be successful in school.

Statement: Thank you for the privilege and opportunity to serve as your Lieutenant Governor for the last four years. The most important part of being Lieutenant Governor is

serving as President of the State Senate and presiding in an impartial way, fairly applying the rules to everyone and to both parties. We have done this.

But the office of Lieutenant Governor also affords the opportunity to advocate for important policy priorities. We have advocated long, consistently and clearly for the need to more forcefully address the housing crisis in our state, especially for affordable homes for low and moderate income families. Our work helped lead to many accomplishments last year, causing the 2023 session to be called The Year of Housing. So much work remains to be done. We will stay at it.

We have also worked hard and in a bipartisan way, to improve our civic health. We all know it needs to change. We need more respectful discourse in the public square, more inclination to try to find principled compromises and when we cannot, a greater ability to disagree better. Here, too, we will doggedly stay at it.

In this spirit, I humbly ask for your support.

Statement: I am running for Secretary of State because Election Transparency is the most important issue on the ballot. We must instill confidence in the electorate that our elections process and infrastructure are accessible, transparent, and secure. This includes giving the public a closer look inside our elections process and bringing back in

person voting in addition to our mail-in voting.

The Secretary of State's office also has an important duty to the incredible businesses throughout Washington in making sure the government red tape does not impede on entrepreneurs ability to create and run their businesses in the state. When I am elected Secretary of State I will work with the Governor and State House to make Washington the most business friendly state in the country.

I have lived in Spokane since 2008 when I emigrated from the United Kingdom to the United States. My wife and I both run small businesses in Spokane, we have two children and a grandchild, we have established our roots here, and we truly love the beauty we have here in Washington State.

Community Service: Volunteer Service – Tacoma Rescue Mission; Community Safety Training; Bethel Rec Coach (Volleyball and Baseball); Watchdogs; Fraternal Organizations – I.O.O.F. #211, F.O.E. #2809

Statement: Your Secretary of State should represent *all* the people of Washington, not just one party. I am running under No Labels, because our political leaders need to listen more to the majority and less to extremists on the far left and right.

I have extensive experience in election administration where I have: modernized tabulation systems providing greater accuracy, accountability, and transparency; helped develop, implement, and educate administrators with the VoteWA system; created national award-winning systems for ballot accountability; proposed legislation to make our elections more accessible, transparent, efficient, accountable, and most importantly – *secure*.

The people of Washington deserve someone who knows the details of election administration, not a political appointee as their chief election officer. Many of our election laws are antiquated and contradictory, and need cleanup by someone who knows the inside, not someone with a partisan agenda.

The partisan legislature creates the laws that govern our elections, those laws should be implemented in the most fair, efficient, and effective ways. A referee wears a striped jersey, not one of the teams in the game. Last election cycle we nearly elected the first nonpartisan Secretary of State in the nation, together let's make history! I appreciate your vote!

election disinformation, and providing eligible voters every ability to participate in our democratic process.

I will protect Washington's proven and dependable vote-by-mail system. I fought to expand automatic voter registration and increase civic engagement, lowering barriers for eligible citizens.

Overseeing Washington's State Library, I confronted book bans and censorship in public libraries across our state. I've increased access to business services and secured resources to preserve our state's history. I'm endorsed by County Auditors who conduct elections, the Washington State Labor Council, business leaders, voting rights advocates, prominent state and federal leaders, and former Governors Gary Locke and Christine Gregoire.

**Mike Pellicciotti***(Prefers Democratic Party)***Elected Experience:** State Treasurer, 2021-present; State Representative, 2017-2021.**Other Professional Experience:** An economic crimes prosecutor (Assistant Attorney General), Mike managed a unit of financial examiners, auditors, and analysts that returned \$30 million to taxpayers from financial fraud and government waste. As a legislator, he created laws to get "dark money" out of politics

and combat corporate crime.

Education: Bachelor's Degree (Business Administration, economics minor); Master of Rural Development (Fulbright Scholar, economic development); Law Degree, Gonzaga.**Community Service:** As Equal Justice Coalition Chair, Mike advocated for homeowners unlawfully foreclosed upon, veterans denied benefits, and predatory lending victims. Federal Way Chamber of Commerce. Served on Gonzaga University Board of Regents.**Statement:** Mike rejects all corporate campaign donations. He puts your financial interests first. As State Treasurer, Mike refinanced all eligible debt, redirecting over \$550 million in Wall Street profits back to the people.

Mike implemented a policy prohibiting Washington State Treasurers from investing in

corporations that fund their campaigns. His investments earned Washington \$1.8 billion over the next four years to reduce taxpayer burdens. Mike's local government investment returns are 50 times higher than 2021, sending \$3 million more *each day* to local governments for schools, first responders, and other community needs.Under Mike's leadership as State Treasurer, Washington now has budget guardrails. U.S. News just ranked our state's long-term fiscal stability *the best in the nation*. Our state pensions are one of America's best funded. Washington maintains a Moody's AAA-credit rating, the top mark for strong financial management. This makes housing, road, ferry, and school construction more affordable. Mike lowered GET/529 education costs for families, while keeping this important program fully funded.Mike expanded financial education opportunities. He also created an online "Transparency Portal" to show how *your* public dollars are managed. I will strive to make the accounting system transparent and accountable to citizens. With my professional

expertise, I will scrutinize the books and challenge the legislature to exercise greater caution in tax and spending decisions.

As a CPA, I have dedicated my career to helping clients preserve their bottom lines, reduce taxes, and securing their futures. I developed and taught a financial literacy class to junior high students and testified before the legislature against raising taxes and over-regulating our businesses.

My experience includes advising taxpayers and businesses in our community on wise investments and job creation. In an era of job uncertainty, rising prices, and constant demands for education funding, Olympia's typical solution is to raise taxes and fees. My approach is to account for past expenditures and prioritize sensibly. I will be the accountant Treasurer who leads our state into a new era of fiscal responsibility.

Solutions to our challenges with education, the homeless, mental health, parental rights,

property rights, taxes and energy policy can all be found through transparency in audits.

Observing the divide within our country over the past 4 years, Hawkins began asking questions to learn what is happening. An active study of the election system within Washington during this time has revealed the fact that there have been no Audits of the election systems in Washington State, to the same professional standards as are expected in the private sector. Hawkins further learned of the newly created roadblocks to public transparency, as the public is looking for answers. Taxpayers benefit from transparency and accountability. A search for Truth matters.

Hawkins is married to Paula and together they have a family of 10 children. They realize that strong communities benefit from family centered policies. Transparency and Accountability are key building blocks to ensure that children become valued contributors to society.

Audits are a great way to understand our past, as we make decisions for our future.

Over my eight-year tenure, responsibilities have expanded, including significant audits of federal

COVID-19 pandemic funds. My administration has also greatly reduced the number of "unauditable" governments, increasing our audits' scope and effectiveness.

Under my leadership, we exposed nearly \$7 million in misappropriated funds at a local housing agency, the largest fraud case in our state's history. We have strengthened our capabilities by training more fraud examiners and launching innovative programs. These include a pioneering audit of law enforcement's use of deadly force, bolstering cybersecurity with increased IT audits and preventive "cyber-checkups," and a new data analytics program to detect fraud and waste more effectively.

I will continue these efforts in my next term, focusing on managing public resources wisely. My vision includes advancing our technological capabilities to protect public assets and promote integrity across Washington State.

I came to protect the environment through working at the Hanford Site as an environmental attorney. Since then, I've successfully fought to make Washington safer

and to increase government transparency. I have challenged unconstitutional laws from Olympia and *won!* I have also *stopped* bad regulation in its tracks! I've led the City of Pasco as a councilmember, and now its mayor.

Washington has world class resources, but our politicians are failing. We lack safe streets; drugs, like fentanyl, fill the streets. As Attorney General, I will apply what I learned at Hanford to clean this mess.

State of Washington - Commissioner of Public Lands - Partisan Office - 4 Year Term

**Allen Lebovitz***(Prefers Democratic Party)***Elected Experience:** None**Other Professional Experience:** Wildland Fire & Forest Resilience Liaison for the Commissioner of Public Lands; Chair, Washington Wildland Fire Advisory Committee; Aquatic Habitat Restoration Manager, Department of Natural Resources; Washington Shrubsteppe Restoration & Resilience Initiative Steering Committee; Wildland Firefighter, DNR; Founder and

Manager, WiLD Corp., a conservation-based timber company; Consulting Ecologist, Fisheries Biologist and Forester advising USFWS, The Nature Conservancy, conservation districts, and timberland owners.

Education: Master's degree in environmental studies, Yale School of Forestry; Bachelor's of science in public administration and biology, Northeastern University.**Community Service:** Boardmember, Northwest Natural Resources Group (nonprofit supporting small-forest landowners); Co-founder, Liu Xing (public school Mandarin language immersion program).**Statement:** My priorities as commissioner will be restoring healthy forests, sagelands, rivers, and bays; supporting local economies; protecting Washington from wildfire; and

ensuring everyone benefits from state lands.

I've worked in Washington's forests and waters as a forester, restoration ecologist, and wildland firefighter for 30 years, with over a decade at DNR, where I'm on the executive team leading Wildfire Management. My career experience makes me uniquely suited to the duties of lands commissioner: managing Washington's forests and waters; leading the DNR; and commanding the state's wildland firefighting force.

I'll direct DNR to restore forests, rivers and bays, improving habitat for salmon and orca. As we restore forests, I'll direct forest management to yield the most value from working forests, while cutting less. I'll develop a double bottom line, generating revenue for schools while benefiting local economies by supporting their industries and employing their workforces on state lands. To protect Washington from wildfire, I'll focus on the source of the problem, restoring naturally fire-resilient forests and sagelands, fostering fire-safe communities, and building the best firefighting force in the country.

I'm in this for the long haul because I care about our state's natural legacy and the people who depend upon it.

**Jaime Herrera Beutler***(Prefers Republican Party)***Elected Experience:** U.S. Congress, 2011-2023, where I advanced bipartisan laws to improve our wildland firefighting capabilities, increase pay for firefighters, improve proactive and science-based forest management, improve forest roads and expand access to public lands, protect wildlife habitat and salmon runs, support shellfish habitat, protect family wage jobs and secure funding for Washington schools. Washington State House of Representatives, 2007-2010.**Other Professional Experience:** Strategic Advisor, Children's Hospital Association. Senior Legislative Aide, U.S. House of Representatives.**Education:** B.A., University of Washington, Communications.**Community Service:** Recipient of the National Association of State Foresters' highest honor, the Bernard L. Orell Award for Partnership. Board of directors, National Kidney Foundation.**Statement:** Decades of neglect have turned our forests into overcrowded, diseased tinderboxes. Fires scorch our forests and choke our communities every summer. They fill

our lungs with smoke, destroy old growth and critical habitat, emit tons of carbon, drive up the cost of home insurance and make housing even more unaffordable. And they cause unimaginable heartache for those unfortunate enough to live in their path.

I won't leave our kids a legacy of burning forests and choking smoke. We can and will do better to remove dead and dying trees that serve as fuel, quickly fight fires when they occur, preserve jobs, and protect the lives and livelihoods of communities.

I'll lead our state Department of Natural Resources to withstand political pressures and overcome bureaucratic obstacles so that the brilliant foresters and environmental scientists who work there can do their jobs. Working with Tribes, scientists, landowners, sportsmen, the forest industry and conservation groups, I'll restore health to Washington's forests with science-based management practices so our diverse array of species and ecosystems can thrive. And I'll always preserve recreational access to public land for its owners -- the people of Washington.

Please vote Jaime Herrera Beutler for healthy forests and healthy air.

With the threat of climate change, wildfires, and droughts, running the Department of Natural Resources is a big, complicated job. I have both the experience and values to ensure our public lands support our high quality of life. As Lands Commissioner I'll bring bold new ideas to the table. I have a plan to protect Washington's 77,000 acres of critical legacy forests, and to launch a clean energy trust to help our climate and spur rural economic development. I'll honor tribal rights and restore Puget Sound to protect our iconic salmon and orca.

She'll win this vacant seat with your help!**Other Professional Experience:** Scientist and Natural Resources Manager for 30 years: Fish Biologist, UW, NOAA Fisheries, Army Corps of Engineers (WA, OR, AK), WA Dept Fish and Wildlife, King County DNR. Power Manager, Grays

Harbor PUD; Senior Power Analyst and Senior Environmental Analyst, Seattle City Light; Research Scientist and Publications Manager, BioSonics, Inc.

Education: Master's Degree Public Administration, UW; Bachelor Science Degree Biology (minors Chemistry, German), WWU.**Community Service:** Board Member: Small Faces Child Development Center; Ghana Together; Commencement Bay Rowing Club (youth).**Statement:** Sue grew up at a salmon hatchery near a 1.3-million-acre forest in southern WA. Her childhood love of nature led to a degree in Biology and a 30-year professional career managing forest habitat, fisheries and energy. (See resume at Citizens4Sue.com)

Now our public lands have been ravaged by neglect, resulting in over-crowded, diseased trees and excessive dry underbrush, leading to huge wildfires with heavy smoke invading our summers. Sue's multi-faceted approach to prevent catastrophic wildfires includes dividing forests and agricultural lands into segments with fire breaks in-between. Smaller fires can increase safety for firefighters and cause less damage overall.

Sue will also implement an accelerated plan for practical land management, creating private sector jobs while boosting our historic timber and agriculture economies and limiting harmful carbon and smoke emissions from wildfires. Reducing the number of crowded, thirsty trees will also help restore natural water distribution to streams, benefiting fish and wildlife, and continuing up the food chain to our Orca whales.

Sue understands nature is intricately and beautifully designed, far beyond our ability to fully comprehend. Knowledge is gained humbly and gradually through science. Long-range planning is needed now to best manage Washington's precious, vital natural resources into the future.

State of Washington - Commissioner of Public Lands - Partisan Office - 4 Year Term *Continued*

Patrick DePoe

(Prefers Democratic Party)

Elected Experience: Vice-Chairman, Councilmember Makah Tribe for two-terms.

Other Professional Experience: Director of Tribal Relations, Department of Natural Resources. Commercial fisherman, land manager, and former emergency first responder. Makah Tribe emergency operations command. Former SEIU 925 union member.

Education: Bachelor of Arts, University of Washington.

Community Service: Current Member, Salmon Defense Board. Founding Co-Chair, Governor Inslee appointee to Washington's Environmental Justice Council. Past Member, Low Carbon Energy Siting Study Advisory Board. Past Co-Chair, Land, Water and Natural Resources Subcommittee of the Bureau of Indian Affairs Tribal-Interior Budget Council. Past Treasurer, Northwest Indian Fisheries Commission. Past Chair, Land & Natural Resources Committee of the National Congress of American Indians.

Statement: Living on the Makah Reservation, I deeply understand caring for and living off the land. For me, sustainability is a way of life. I will ensure stakeholders from rural and underrepresented communities have a seat at the table.

I understand how public policy impacts our environment and livelihoods. As temperatures warm and wildfires rage, we don't have time for on-the-job training. My opponents are career politicians, with no direct experience managing natural resources. I will be able to hit the ground running—identifying opportunities to innovate, creating good-paying union jobs, and tackling climate change.

I have worked in emergency response: cleaning up oil spills, fighting fires, and leading preventative work to improve our lands and waters. I am a commercial fisherman, land manager, Tribal leader, and currently work at our state's Department of Natural Resources. That's why the current Commissioner of Public Lands Hilary Franz, Congresswoman Marilyn Strickland, former Congressman Norm Dicks, Washington Education Association, fishing associations, Longshoreman and other unions, as well as tribal nations, all endorse me.

Not only am I the most qualified for this position, but I would also be the first Native American elected statewide in the Pacific Northwest. I would be honored by your vote.

Statement: As a twenty-five year firefighter, I know what needs to be done to combat the devastating wildfires that destroy forests and produce suffocating smoke. Wildfires have destroyed 4.7 million acres of state forests over the past ten years. We need a leader who knows how to fight wildfire and who can protect our public lands.

I'm a career firefighter, I've felt the heat and breathed smoke-filled air. I'm Chair of the Senate Natural Resources Committee, and have led the effort to preserve our natural resources, create more resilient communities, and fight wildfires.

With your support, I'll protect forests by using the resources of the state's largest firefighting agency to improve forest health and safeguard vulnerable communities. State of Washington - Superintendent of Public Instruction - Nonpartisan Office - 4 Year Term

**Reid Saaris****Elected Experience:** No Information Submitted**Other Professional Experience:** Fourth-generation WA public school teacher, most recently at Rainier Beach High School, and a school administrator. Founder and CEO of a nationwide nonprofit partnering with federal and state leaders and tens of thousands of educators to expand opportunities and close achievement gaps. Author of a leading paper on WA youth mental health as well as three books; recipient of the Google Global Impact Award and Harvard's Hoopes Prize for Excellence.**Education:** B.A. in Government, & Certification in Teaching, Harvard University; M.Ed. and MBA with Certificate in Public Management, Stanford University.**Community Service:** Coaching soccer and cross-country running, Habitat for Humanity, mentoring, & more.**Statement:** I'm a father to three, and a fourth-generation Washington public educator. I've dedicated my career – as a teacher, administrator, national nonprofit founder and CEO – to the unmatched power and promise of public education.

The current struggles facing our students and teachers are unacceptable. The mismanagement of \$2.9 billion in federal relief dollars by our schools chief has seriously set us back and is reason enough to replace him, but there are more. Washington has slid behind most other states in K-12 education according to US News; 15% of adolescents are considering suicide; 20% of educators are leaving their schools; funding is collapsing with unprecedented school closures.

The Seattle Times has described the incumbent as a “*lackluster*” superintendent who is “*cheerleading mediocrity*.”

I'm not a career politician. I'm a proven leader who has worked all across the country with tens of thousands of educators to ensure the promise of an excellent public education is fulfilled for all kids. I'll ensure every school has the resources to connect students in need with: (1) effective mental health care; (2) tutoring; and (3) great career and college opportunities. If you agree that Washington must do better, I hope you will support me.

I am grateful to serve as your State Superintendent. This job requires experience and tested leadership to maintain our post-pandemic recovery. Our strong learning acceleration is at risk without sustained funding and a relentless focus on keeping our schools public and accountable to local voters. The paramount duty in our state is to fully fund our public schools. Investing in our public

schools and our educators to empower student achievement is my number one priority!

Innovation drives our work with expanded career and technical education pathways, a record high graduation rate, a measurable improvement in student mental health following targeted investments, and free school meals for over 700,000 students. We are a top performing state in math and reading, and civics is once again a graduation requirement under my leadership!

Over two-thirds of our students now earn college credit while in high school, saving families over \$100 million per year in foregone tuition, and we've doubled our investments in rural school facilities. Every child deserves a high-quality, individualized, and equitable learning opportunity in every community!

Under the incumbent, chronic absenteeism has doubled, depriving children of crucial learning opportunities. Drawing from my district's success, where strong parental engagement has led to one of the state's lowest absentee rates, *I will advocate for policies that encourage partnering with parents.*

I am committed to restoring local control to school boards, empowering those who understand their communities' unique needs, ensuring a fair and effective education for all. *I will push to expand skilled trades programs*, preparing our students for future diverse careers.

He works to assure that choices in healthcare remain with you and your doctors. Increasing access to affordable medical care and life-saving medicine is John's top priority.

Increasing environmental catastrophes and increasing frequency and severity of losses are making your rates climb, and legislative and regulatory uncertainty are making it worse. Misguided activist policies of the Legislature and the Insurance Commissioner have limited choice and made insurance unaffordable.

How much businesses pay for insurance has a direct impact on the prices you pay for things, including groceries and even your rent. Add to that a 20% increase in insurance costs, and it's even harder for seniors on fixed incomes and families to make ends meet. The insurance industry needs reasonable, not burdensome regulations. As a state Senator, I fought for affordable and consumer-driven options that encourage more competition, more choices, and lower costs for consumers. I know what works and it's not agenda driven regulations that drive up costs without providing better and more affordable care.

I've experienced firsthand the health insurance challenges faced by my own grandson who has a rare disease. For him it is a life and death struggle. You and your doctor should be determining your health care decisions, not the insurance companies.

**Elizabeth (Liz) Lovelett***(Prefers Democratic Party)*

Elected Experience: Washington State Senate, 2019-present; Chair, Local Government, Land Use, and Tribal Affairs; Vice Chair, Environment, Energy, and Technology; Chair, Senate Transportation Ferry Legislator Caucus; Anacortes City Councilmember, 2014-2019.

Other Professional Experience: Owner-Operator of The Business, 2004-2010; After School Art Educator, Anacortes School District.

School District.

Education: Graduated with honors simultaneously from Anacortes High School and Skagit Valley College after participating in the Running Start program, 1998.

Community Service: Serves on Joint Legislative Audit and Review Committee; Joint Legislative Task Force on Water Supply; Puget Sound Partnership; ex-officio member, Maritime Blue; two-time past President, Whitney PTA; AmericorpsNCCC.

Statement: It is my privilege to serve as your State Senator, working hard to deliver real results with community input. I center the values of Skagit, Whatcom, and the San Juans

in all that I do - providing strong leadership to create our clean energy future; safeguarding our natural spaces and ecosystems; fighting for state and local ferry systems; maintaining access to abortion and other critical care; and improving public safety by investing in behavioral health facilities and programs to support the people of our region.

I hold dearly the fundamental belief that we can solve problems better together.

As the mom of two teenagers, I want to make sure there's a bright future for our young people to look forward to – one with opportunities for meaningful careers in maritime, healthcare, technology, and the trades; housing options to live and work in our vibrant neighborhoods; and a healthy planet for our children's children.

I continue to pledge what I have from the beginning – to be honest, hard-working, and approachable. I am proud to have earned the endorsement of our local Democratic organizations, Washington Conservation Action, and the State Labor Council. I would be honored to earn your vote.

Elected Experience: 9 years SCCG Union president prior to retirement from Sheriff's office.

Other Professional Experience: 1987-1991 U.S. Marine Corps, 1991-2023 Snohomish County Sheriff's office (retired)

Education: No Information Submitted

Community Service: No Information Submitted

Statement: I am running for the state senate because I feel that our current elected officials are not representing the will and best interests of the citizens.

If elected, I will work for parent's rights, which has been under attack the last few years, and will work to make schools and universities safe for all students.

Our legislature should also be working to keep our infrastructure up to date, specifically our bridges and the ferry system. The state has completely failed on this topic, by not directing funds to ensure that the bridges are maintained, and our ferry system is working properly. We are currently operating only 15 of the 26 vessels that our system needs to be fully operational.

The fentanyl crisis and the dramatic increase in crime and homeless should also be the other top priorities for the state. The policy decisions by the state have resulted in making these problems even worse. This has jeopardized the safety of everyone, including those currently addicted and the homeless. These issues can be significantly reduced by adjusting our policies to some practical approaches, instead of just throwing more money at the same organizations and hope that it will work this time.

Write-In Voting

Write-in candidates must file a Declaration of Candidacy to have votes tallied for a contest. Write-in candidates have until 8:00 pm on Election Day to file their Declaration.

To cast a vote for a declared write-in candidate, fill in the circle next to the write-in line on the ballot and write the name of the qualified candidate on the line provided.

Write-in votes are not permitted for the office of Precinct Committee Officer.

Primary vs. General Election

Partisan offices appear on the Primary ballot even if only one candidate files. For non-partisan offices, a primary is only required if more than two candidates file for the same position.

The State of Washington has a Top 2 Primary system. This allows voters to choose among all candidates running for each office regardless of their party preference. The two candidates who receive the most votes in the Primary qualify for the General Election.

Each candidate for a partisan office may state a political party that he or she prefers. A candidate's preference does not imply that they are nominated or endorsed by the party, or that the party approves of or associates with that candidate.

The order in which names appear on the Primary ballot is determined by lot draw. The 2024 lot draw order can be viewed at www.whatcomcounty.us/3699/Candidate-Lot-Draw

Kamal Bhachu

(Prefers Republican Party)

Elected Experience: Former Candidate

Other Professional Experience: CNA and Whatcom Hospice House; Senior Engineer for PeaceHealth; Lynden Sheet Metal

Education: Bellingham Technical College

Community Service: Kamal and his wife Tami, who works in law enforcement, and their four grown children are active in our community. Kamal is a Sikh youth mentor and language tutor. He volunteers with SEVA (Punjabi Selfless Service Outreach Organization) and volunteered with Vietnam Veterans organization. The family helped with community relief after the 2021 Sumas flood. Kamal also helped bring the sport of cricket to Whatcom County and served as a range officer at Custer Gun Club.

Statement: Kamal Bhachu is our best choice for Representative. A solutions-oriented individual, he prioritizes people over radical ideologies. Seattle's extreme policies have become state laws which have hurt our children's education, exposed us to rising crime, and substantially increased the cost of living. By handcuffing police, banning natural gas, passing record breaking gas taxes, and violating local control of schools, people like us have been hurt.

It's time for us to send good people like Kamal to Olympia to start fixing what's broken. Kamal's background as a migrant, father, and community leader anchors him in common sense and Whatcom County values

Washington Supreme Court - Justice Position 2 - Nonpartisan Office - 6 Year Term

Todd A. Bloom

Legal/Judicial Experience: Over two decades of providing legal and professional services to private and publicly-held companies, executives, business owners and high net worth families; served as an arbitrator for FINRA from 1999 to 2020.

Other Professional Experience: Bloom spent over a decade as a tax attorney and senior manager in Big Four accounting. He retired from the Navy Reserve in 2018.

Education: LL.M. - University of Washington; J.D., M.B.A. - Tulane University; M.A. - Naval War College; B.A. - Simpson College; College of Naval Command & Staff. Earned professional designations: CPA, CFA and CFP.

Community Service: WSBA Board of Governors, Executive Committee; Judicial Recommendation, Nominations and Awards Committees.

Statement: Washingtonians deserve a judiciary that is independent, impartial, and objective; that treats all who come before it with dignity, respect and courtesy. The Supreme Court should lead the lower courts, and officers of the court, in upholding these values. We should seek honesty, integrity, intellectual curiosity and fairness in our judges

and judicial candidates. As a member of the Washington State Bar Association Board of Governors, I was encouraged to run for Supreme Court Justice. I believe others saw these qualities in me.

Having done farm work and bussed tables in my youth, and having been commissioned from the ranks of enlisted sailors, I understand the dignity of hard work and sacrifice. I've worked alongside people from all walks of life.

After 9/11, I was called from the Reserve to active duty, and served for over ten years. Putting my career on hold and leaving my wife and children to deploy to the Persian Gulf was challenging, even before considering the usual hazards of arduous sea duty.

The skill sets I have developed through addressing complex situations and collaborating on solutions, along with my demonstrated honor, courage and commitment, will help me ensure the integrity and independence of our Judiciary.

Other Professional Experience: Instructor, Emory School of Law, Kessler-Eidson Program for Trial Techniques; Instructor, National Institute for Trial Advocacy.

Education: Pacific Lutheran University—B.A. Political Science, Magna Cum Laude; Georgetown University Law Center—J.D., Cum Laude.

Community Service: Board of Regents, Pacific Lutheran University; Vestry Board, St. Luke's Episcopal Church; Past President, Legal Aid for Washington; Past Chair, Access to Justice Board; Former Commissioner, Tacoma Human Rights Commission.

Statement: I am the only candidate endorsed by 8 of the 9 current Washington Supreme Court Justices. Over 100 judges believe I'm the most qualified candidate for this office. I am also the only candidate with significant appellate experience having argued at every

level of state and federal appellate courts including the U.S. Supreme Court.

I was raised in a working class family in Lakewood. My parents taught me the value of hard work, fairness, family, and faith. I have always given back to the community, including by representing people for free when they couldn't afford a lawyer, serving on boards of directors of nonprofits devoted to improving access to justice, and lobbying lawmakers to increase funding for civil legal aid. Promoting equal access to the legal system has been an important part of my practice.

Over the past 40 years as a lawyer I have been recognized for my legal skills, including being named to "Best Lawyers in America" since 2011. I am rated "Exceptionally Well Qualified" by six bar associations, and am endorsed by the Washington Labor Council, Gov. Insee, Attorney General Ferguson, and by over 40 other elected leaders.

I would appreciate your support, and your vote.

Legal/Judicial Experience: None

Other Professional Experience: David is a solo practitioner in Sumner. He has been practicing for nine years and paralegal for four years. He has been part of business leadership for 15+ years.

Education: David received his Juris Doctor from Thomas M. Cooley Law School and his MBA from City University of Seattle. He also has a master's in project management, intellectual

property, and taxation.

Community Service: David volunteers as president of a non-profit, helps cook for two non-profits, and raises funds for the Parkinson's Foundation. He is a columnist for the Tacoma-Pierce County Lawyer Magazine.

Statement: Hello, Washingtonians and what a beautiful state we live in. I consider it an honor and a privilege to have such an excellent opportunity to put on a robe and serve the citizens as your justice. A little about me: for most of the 90s I was known all over the

Northwest as radio personality Country Dave. I have operated searchlights throughout this state, visiting lots of cities and towns. I was sworn in at the Supreme Court and have made hundreds of court appearances, looking out my clients' best interests.

Why do I want to be a justice? Our Supreme Court said, "As the highest court in Washington, we must balance our duty to the individual litigant and to the collective citizens. This court's decisions bind all state courts and are often the last words on legal matters for Washingtonians." Laws ensure that no harm befalls another, and how justices interpret them is crucial. I want to be a voice protecting the citizens. And if necessary, desiring to right a wrong.

Before making decisions, I will seek wisdom, knowledge, and understanding from the Supreme Being. Thank you for reading my statement and your vote.

Dave Larson

Legal/Judicial Experience: Judge Larson is the only judge running for this position; with 16 years as a judge and 23 years as a trial attorney.

Other Professional Experience: Judicial Committees: Legislative, Therapeutic Courts, and Council on Independent Courts. Member of the Civic Learning Council, recipient Judge William Nevins Award for civics education, and DMCJA President's Award for protecting judicial independence.

Community Service: 2022 "Best Community Leader", 2018 and 2020 "Hero" of Federal Way Schools. He attends St. Vincent DePaul Parish. A member of Kiwanis, where he founded the Aktion Club, for people with developmental disabilities.

Statement: Judge Dave Larson is the only candidate with judicial experience. Judge Larson is the only candidate with a record of keeping our communities safe from crime. Judge Larson is the only candidate running a traditional bi-partisan campaign. Judge Larson knows Washington has the best state Constitution in America, offering stronger

protections for our civil rights than the U.S. Constitution. He will protect individual rights.

We all know crime is a serious issue and Judge Larson has a nearly two decade record of keeping us safe from crime as a trial judge. His innovative reforms have been recognized nationwide; many of his ideas have been adopted by our legislature. These reforms are supported by other judges, police chiefs and sheriffs, mayors, legislators, and the people who work directly with those suffering from addiction and untreated mental illness.

Judge Larson is the only candidate running a campaign that reaches out to Democrats and Republicans, Labor and Business, Eastern and Western Washington, and everyday citizens. We can return to a less political and more trusted court system by voting for Judge Larson.

Judge Larson's leadership, innovations, intellect, ethics, and commitment to fairness make him exactly what we need on our state Supreme Court.

How does the elections department process my ballot securely?

After you return your voted ballot:

- Your signature on the ballot return envelope is checked against the signature on file in your voter registration record. If it matches, your ballot is accepted and you are given credit for voting. This ensures that only one ballot from each voter is counted.
- The outer return envelope, which identifies you, is separated from the inner security sleeve, which contains your voted ballot. Your ballot cannot be traced back to you.
- Once the ballots are separated from the security sleeves, they are reviewed for potential scanning issues. If there is damage to the ballot, the ballot is remade by a team of two and the original ballot is retained so that it can be referenced if needed.
- Ballots are scanned and securely stored in a sealed, tamper-evident bag.
- The first tabulation of votes occurs at 8:00 pm on election day.

This proposition authorizes the District to construct and equip a new Lynden High School, add permanent classrooms and remove portables at Isom and Vossbeck Elementary Schools, create permanent early learning space, and make District-wide safety and infrastructure improvements, to issue \$157,500,000 of general obligation bonds maturing within a maximum of 21 years, and to collect excess property taxes annually to repay the bonds, as provided in Resolution #04-24.

Should this proposition be:

Approved/Rejected

Explanatory Statement

The Board of Directors of Lynden School District 504 adopted Resolution No. 04-24 approving a proposition for bonds. This authorizes the District to construct and equip a new Lynden High School, add permanent classrooms and remove portables at Isom and Vossbeck Elementary Schools, create permanent early learning space, and make District-wide safety and infrastructure improvements, to issue \$157,500,000 of general obligation bonds maturing within a maximum of 21 years, and to collect excess property taxes annually to repay the bonds, as provided in the Resolution.

Statement For:

We are very fortunate our Lynden schools, both public and private, have enjoyed tremendous success in and out of the classroom for decades. We should all take great pride in and celebrate these achievements. Whether you are new here or have roots going back generations, we are a unique, connected family. With an appreciative eye towards this successful past, we find ourselves at an exciting turning point in the life of the Lynden School District.

We strongly feel now is the time to make the prudent and important choice to support our public school system and wider community through this proposed project. New buildings don't guarantee success, but they are undoubtedly a fertile ground from which excellence grows. Dozens of your fellow neighbors and volunteers have looked at our school capital needs for years now and have presented this necessary and reasoned proposal as an investment for the coming decades.

Generations of Lynden leaders, families, and businesses have made great sacrifices and spent the effort to lay the groundwork for our collective success. It's time now for us to do our part and affirm our commitment not only to education and our kids, but to the future prosperity of Lynden.

Rebuttal of Statement Against:

The typical homeowner in Lynden will pay around \$70 per month for this proposed project. Don't let "quarter-billion dollar" scare tactics and misinformation influence your decision. A "tighter, lower-cost bond" was considered and eliminated as multiple smaller projects, including a major high school remodel, spaced out over time, would actually cost more and not address very real, existing needs in the district. Can we afford the cost of not making this investment in Lynden?

Statement For & Rebuttal prepared by:

Kyle Kleindel, Angie Costanti, and Tim Koetje

Statement Against:

In Lynden, we support our schools and approve reasonable bonds. However, the proposed bond is neither reasonable nor affordable. People's finances are stretched to the max due to high inflation (25% in food alone) yet the School District asks us to increase our property taxes by 25% with a 20-year bond, structured in escalating payments compounded 6% annually (unlike a home mortgage). See: BondNo.com

With interest and fees added to the principal, the School District is asking us to pay \$254,765,000 (over a quarter-billion dollars!) to fund a new top-end high school and approve remedial work on recently built schools like Lynden Middle and Fisher Elementary, even as they move to decommission Judson Hall, which was built to last and is loved.

If passed, today's high school students (who aren't old enough to vote) will be paying the heavy taxes accrued from this bond when their children are graduating from high school. People may say we need to do this now for the children, but we reply, "Do heavy tax burdens really help families?"

Vote No, because we need a tighter, lower-cost bond that reflects the financial realities we face every day. Comments? Questions? Write: Doris@DorisSmithForBetterSchools.com

Rebuttal of Statement For:

We can be strong supporters of education, yet still oppose this bond because of its high cost and overly ambitious project list. We might agree that growth should be addressed, but within a scope and cost that respects the financial realities of our community. Decisions on a \$254 million debt may well impact people's ability to fund the next Enrichment Levy four years from now. The money all comes out of the same wallets.

Fire Protection District 1 Proposition 2024-18 General Obligation Bonds - \$13,000,000

Language on the Ballot

The Board of Fire Commissioners of Fire Protection District 1 adopted Resolution No. 2024-11 concerning this proposition for bonds. This proposition would authorize the District to construct and equip a new fire station/headquarters and acquire new fire fighting and life safety equipment, to issue \$13,000,000 of general obligation bonds maturing within a maximum of 20 years, and to collect excess property taxes annually to repay the bonds, as provided in Resolution No. 2024-11.

Should this proposition be: Approved/Rejected

Explanatory Statement

Passage of Proposition 2024-18 will authorize Fire Protection District 1, Whatcom County, to borrow \$13,000,000 by issuing general obligation bonds. In accordance with Resolution No. 2024-11, approving this proposition, the bonds will be used to construct and equip a new fire station/headquarters and acquire fire fighting and life safety equipment to meet the service and emergency needs of the District. The bonds would be repaid out of the collection of excess property taxes annually over a maximum period of 20 years.

Statement For:

On the August 2024 ballot, Proposition 2024-18 seeks your support to authorize Whatcom County Fire Protection District No. 1 to secure \$13,000,000 for a new fire station. This investment addresses critical needs by reducing response times, modernizing facilities, and enhancing community services. The proposed station, strategically located outside the flood plain, ensures faster emergency assistance, with studies projecting a 10% decrease in response times within the first year. It replaces the outdated Everson facility, which cannot be upgraded due to spatial constraints. The new station offers expanded space for training, apparatus storage, and crew quarters for staffing firefighters 24/7. It will serve as a community hub, featuring meeting rooms and an Emergency Operations Center, enabling us to manage disaster and large incidents locally. The investment aims for long-term sustainability, built to serve for over 50 years. Your vote for Proposition 2024-18 signifies a commitment to community safety and resilience. With an estimated cost of about \$16.25 per month for homes valued at \$500,000.00 in assessed value, this investment secures a safer, stronger future for our community. Visit www.wcfcd1.org for more details or contact us directly. Let's build a safer and stronger community together.

Fire Protection District 17 Proposition 2024-19 Authorizing Regular Property Tax Levy

Language on the Ballot

The Board of Fire Commissioners of Fire Protection District 17 (the "District"), adopted Resolution No. 376 concerning the District's regular property tax levy. This measure would authorize a regular property tax levy of \$1.25 per \$1,000.00 of assessed valuation in 2024 (for collection in 2025), and the resulting levy dollar amount would thereafter be used for the purpose of computing the limitations for subsequent levies under RCW 84.55.050.

Should this proposal be approved?

Yes/No

Explanatory Statement

Fire Protection District 17 (the "District") seeks voter approval to increase its regular property tax levy to \$1.25 per \$1,000.00 of assessed valuation in 2024 (with collection beginning in 2025), which is an increase of approximately \$0.56 per \$1,000.00 of assessed valuation. This levy is the District's primary funding source. The District suffered significant flood damage to its fire station in 2022 which needs to be relocated and rebuilt outside the flood zone. Voter approval of Proposition 2024-19 will provide funding to relocate and rebuild the station to maintain the current level of emergency services.

Statement For:

Your fire department's ability to continue providing fire and medical services are at risk. The Sandy Point fire station was twice destroyed by coastal flooding in 2022 and nearly again in 2024. Our situation is dire. To protect and maintain services the district needs funding to re-locate the fire station out of the flood zone. Property has been offered at no cost to the district. There is also a need to plan for the hiring of future career firefighters to replace our aging and retiring volunteer force. Like all other fire departments nationwide our district can no longer sustain a volunteer system that has seen a 103% increase in calls (plus hospital transports) since 2015. The district currently enjoys one of the best insurance ratings in the county. Should the fire station become unable to provide services and close this would not only effect emergency medical services but homeowners should expect to see insurance rates increase dramatically. We have studied the issues and we strongly encourage our fellow taxpayers to support this request from our fire district for station relocation and funding vital fire and EMS services, now and in the future.

Rebuttal of Statement Against:

Contrary to concerns this levy doesn't make District 17 the highest taxed district in Whatcom County. Studies and assessments are underway but without levy funding additional work would bankrupt the district. This levy is also for future career firefighters as our volunteer system is no longer sustainable. Without funding another flood would permanently close the fire station and emergency services could be delayed more than thirty minutes and could lead to higher insurance premiums. Vote Yes

Statement For & Rebuttal prepared by:

Dawnell Pier, Jeanne Carroll, and Robert Cecile

Statement Against:

Voting No Does Not Mean: Taxpayers do not support Fire District 17.

Voting No Means: Public release of a feasibility study first to include options and cost for establishing a new site or modifying the existing location(s), risk mitigation plans, line-item estimates for non-recurring and recurring costs per year, a tax end date and/or termination clause in the event the option selected is delayed, cost overruns and/or challenges are too costly to resolve and with defined milestone.

Vote No Means: Taxpayers can vote on the best option to sustain a fire department at Sandy Point Shores and Heights after understanding the scope of the proposed tax levy. Vote No before residents are taxed to the highest for EMS in all of Whatcom Co without a study. Vote No until a detailed plan is published and considered by all. Unknown risks: wetland, sewer and water assessment/costs, obtaining permit(s): permit duration (~1-3 years) and cost, land development/construction costs.

The Fire Chief stated, "none of the items will be done until the levy passes". In private and public sectors, businesses are required to release detailed operating plans/feasibility for financial funding. *Vote No:* Hold our elected officials accountable to a published cohesive plan.

Rebuttal of Statement For:

Scare tactics are being used for a yes vote. The Fire Station is not destroyed. Four-Minute response from Station 42 (Now Manned 24/7) mitigates District 17 closure. Levy Tax without feasibility of "options", cost and risk assessment is not the sensible way forward. With a 10+ year-old contract, Tribal pays less than 10% of what taxpayers pay and receive equal service. Tribe contributing equally exceeds the Levy ask. Impact: Highest Taxed EMS in the County.

Fire Protection District 21
Proposition 2024-17
Authorizing Regular Property Tax Levy

Language on the Ballot

The Board of Fire Commissioners of Fire Protection District 21 (the "District"), adopted Resolution 2024-03 concerning a proposition to authorize the District's regular property tax levy. This measure would authorize a regular property tax levy of \$1.10 per \$1,000.00 of assessed valuation in 2024 (for collection in 2025) and would authorize an annual increase in the limit factor of up to 104% (but not to exceed the \$1.50 rate) for each of the five succeeding years. The maximum allowable levy in 2029, collected in 2030, shall serve as the base for subsequent levy limitations as provided by Chapter 84.55 RCW.

Should this proposition be approved? Yes/No

Explanatory Statement

Fire Protection District 21 (the "District") seeks voter approval to restore its fire levy to \$1.10 per \$1,000.00 of assessed valuation in 2024 and to increase its annual revenue by an amount up to 104% in each of the five subsequent years. In the absence of voter approval for a measure such as this, a fire district may only increase its annual revenue by 101% over the prior year. This proposition would allow the District to exceed that limitation so that the District may continue to provide fire and emergency medical services at existing levels.

Statement For:

This is an extremely important measure that greatly impacts your emergency medical services. If you are in a car accident or a fire, have a stroke or heart attack, you'll likely call North Whatcom Fire and Rescue (NWFR). But did you know that 911 calls for medical emergencies increased almost 50% in the last ten years?

In 2023 alone, NWFR responded to 5,753 calls; 30% of the time, there were multiple calls at once, causing delays. Increased call volume, lack of staff, and funding result in your closest fire station not always being available. This means distant fire stations need to respond, which takes more time.

If this crucial measure is approved, funding would be used to hire emergency personnel to improve response times and replace aging fire engines and equipment. If it isn't approved, NWFR's budget is restricted by State law to an increase of 1% per year, which doesn't cover needed improvements or keep pace with inflation.

This could mean the difference between life and death. Without a funding increase, emergency medical services might not be available when you need them. What is the value of your family's lives or home? We strongly urge you to vote yes.
